Ms. Wills stated that there is good news in the region. Mr. Booth spoke of some improvements in the economy he is seeing through his company. Car sales and computer sales is going up; a lot of the things utilized in the car industry is produced in the Silicon Valley.

Ms. Hayes reported that Intel has added 300 jobs very quietly. It is done by outplacement firms that do things quietly. Sieman's is also expanding. Raging Wire is looking for engineers. Ms. Hayes is working with Sacramento State and Davis with their alumni associations in an effort to find engineers. A company is expanding in Davis which will hire 200 engineering people. Telefunken, located in the building previously occupied by NEC, make the computer chips for the automobile industry. Ms. Hayes stated that a call center contacted her looking to be up and running very quickly; this company will hire 500-600 people.

Ms. Wills stated that one of her clients received a contract to do work on the new 49ers stadium.

4. **Information Item:** Update on WIB survey/discussion of action plan for member engagement in outreach activities

Ms. Carpenter reported that she received 15 board member survey responses; she distributed an overview of the affiliations. The survey was sent out three times.

Ms. Carpenter will put a list together of board members that are approachable.

5. **Information Item:** EMRL presentation on Sacramento Works Facebook campaign

Ms. Carpenter introduced Floyd with EMRL. EMRL produced the logo. Floyd stated that 11,000 'like us' e-mails were sent to Sacramento Works customers. The Sacramento Works Facebook page now has 195 friends. It is the job seekers that will be more involved in Facebook. When the employers post their jobs, the people on Facebook will be notified of these jobs.

Floyd stated that he just did a blast notifying people of Facebook for Sacramento Works. There is still a need to drive people to the Facebook page so people will 'like' Sacramento Works. He is proposing to include ads that go on the sidebar going to the friends of the initial group of people that has 'liked' us. He went through the people that 'liked' Sacramento Works and found there were a lot of similarities. Once there is 500-700 people on the wall there is a chance that there will be more "cross-pollination."

Ms. Carpenter is meeting with the Youth Advocates to get them engaged. Facebook is the job seeker site and LinkedIn will be further developed to reach out to the employer community. Ms. Carpenter is working with EMRL regarding what should be posted at the various sites.

6. **Adjournment:** The meeting was adjourned at 4:41 p.m.
