Mr. Kennedy inquired how the student would be assigned to a provider. Ms. Carpenter stated that the students would be placed based on their relationship with school districts. Mr. Kennedy requested have reports back on this program. Mr. Schenirer stated that it is expected that 500 kids will begin and probably 350 will make it through the program. This program is very complicated due to the ETP regulations. The city will be providing a \$950,000 match for this program.

- B. Employer Success Stories and Activity Report: No questions.

- C. Dislocated Worker Update: No questions.
- D. Head Start Reports: No questions.
- E. <u>Presentation</u>: Overview of Youth Programs for 16-24 year olds; include positive collaborations and SWOT analysis of current programs in the region

Mr. Schenirer reminded the board that there are six workshops scheduled for board members over the next year. Staff has been asked to frame the main strategic issues.

Ms. Teri Carpenter provided an overview of the youth programs

Mr. Kennedy would like to have details on the youth program, especially regarding workers compensation; there may be ways the put employer issues aside by working through other programs. Mr. Schenirer stated that the City is working to make it a turn-key program for employers.

Ms. Scherman urged staff to contact our surrounding cities, Elk Grove, Citrus Heights, Rancho Cordova, to consider utilizing interns. Ms. Carpenter stated that she is already working with the City of Citrus Heights and will reach out to Rancho Cordova.

Ms. Scherman asked if Sacramento County was really that bad regarding the youth unemployment rate and Ms. Carpenter replied that Riverside is #1 and Sacramento is #2. The public sector has not embraced the student internship program but she is working to change that. Ms. Carpenter will forward the report regarding youth unemployment rate.

Mr. Carr thanked Ms. Carpenter for the presentation. He stated this program is headed in the right direction. Youth unemployment is a huge problem.

Mr. Schenirer wants to draw a thread between communities that we have and the programs available; this is a region of governments. The city has significant challenges employing staff that represent the city ethnically and socioeconomically. Young people lack the understanding of what the city does and available opportunities is a real challenge. We need to frame out how to assist young people to get into government jobs. Then we can do a better job of getting young people to understand civic engagement and put them on paths to get jobs and recruit from within. Mr. Schenirer wants to put all of the pieces together on how this can be done regionally. Mr. Schenirer wants to make sure that the young people know that if they get a job in one area, it is connected to other areas. Ms. Carpenter stated that most young people think of public sector jobs as a police or fire fighter; they do not think of an analyst because it is not a 'sexy' job.

4. Agreement of Youth Services Provider for the Galt Area

Mr. Nottoli asked why the ranking for Sacramento Empowerment was so much lower. Ms. Carpenter replied that the proposal included housing and housing is not an allowable activity under the youth program. The principal of the organization was involved serving youth in Los Angeles where housing is an issue. Ms. Carpenter stated that housing is always an issue with homeless youth so SETA staff work with other service providers to ensure housing is provided for youth. Mr. Nottoli noted some changes to the ZIP codes to be serviced. Mr. Nottoli wants to make sure the Herald area is included in the service area.

Moved/Nottoli, second/Scherman, to agree with the selection of California Human Development for WIOA Youth Services for the Galt area. In addition, approve with the stipulation that all funding recommendations are contingent upon satisfactory year-end program performance reviews.

ITEM II-C - CONSENT

APPROVAL OF SELECTION CRITERIA FOR ENROLLMENT IN HEAD START OR EARLY HEAD START PROGRAMS

BACKGROUND:

On an annual basis the Policy Council is required to review and approve the Countywide Enrollment Selection Criteria for the Head Start and Early Head Start programs. Last year, neither the Head Start (preschool) Selection Criteria nor the Early Head Start Selection Criteria had revisions and was approved by the Parent Advisory Committee, Policy Council, and SETA Governing Board in January/February 2016.

For 2016-2017, the Head Start Selection Criteria has slight modifications to align with the new Head Start Performance Standards. Specifically, changes include:

- Extending the option for families to transfer from one program to another regardless of similar services (i.e. full day to part day, home base to center base, from grantee to delegate, etc.)
- Increasing the priority level for homeless children and/or foster children
- Permitting families who have dropped from the program within the last 60 days to re-enroll into any of the Sacramento County Head Start programs, not just the agency/program in which they dropped
- Adding foster youth with a child as a priority under the High Risk category
- Prioritizing a 3-year old child whose family exceeds the poverty guideline limits within 100-130% over a 4-year old child whose family exceeds the poverty guideline limits without a cap.
- Removing signatures lines on the form since staff document family ranking in the child's file.

A redline and clean copy of the recommended changes are attached for review. There are no recommended changes for the Early Head Start Selection Criteria.

Staff will be available to answer questions.

RECOMMENDATION:

Approve the Early Head Start Enrollment Selection Criteria and the Head Start Enrollment Selection Criteria for Sacramento County as attached.

RATIFICATION OF THE SUBMISSION OF AN APPLICATION TO THE CALIFORNIA EMPLOYMENT DEVELOPMENT DEPARTMENT'S (EDD) DISABILITY EMPLOYMENT ACCELERATOR (DEA) FUNDING OPPORTUNITY, AND AUTHORIZE THE EXECUTIVE DIRECTOR TO EXECUTE THE AGREEMENT AND ANY OTHER DOCUMENTS REQUIRED BY THE FUNDING SOURCE

BACKGROUND:

The California Employment Development Department (EDD), in coordination with the California Workforce Development Board (CWDB) and the California Labor and Workforce Development Agency, has released a solicitation for applications to its Disability Employment Accelerator (DEA) grant program. EDD has announced the availability of up to \$2 million in Workforce Innovation and Opportunity Act (WIOA) discretionary funds for the design, development and implementation of projects that accelerate employment and re-employment strategies for people with disabilities.

DEA funds will be available for Local Workforce Development Areas to seek innovative ways to strengthen business partnerships around in-demand jobs, focusing on creating linkages and engaging businesses in high-growth industries. The solicitation encourages "earn and learn" strategies that can assist in ensuring that individuals with disabilities have the necessary skills to obtain and retain competitive, integrated employment. Applicant agencies must identify a minimum of two regional, high-demand businesses and provide clear strategies for engagement to result in increased employment and retention opportunities, including:

- Recognizing the existing skills of individuals with disabilities rather than focusing on the need for additional vocational training;
- Improving one-on-one relationships with hiring managers to increase individualized referrals of qualified individuals with disabilities;
- Creating or expanding "earn and learn" opportunities for individuals such as paid internships in significant work settings, formal apprenticeship, on-the-job training, or other work-based learning possibilities; and
- Educating high-demand industry sectors on the value of hiring skilled individuals with disabilities.

SETA staff prepared and submitted the DEA grant application by the deadline of March 30, 2017, in the amount of \$350,000 to implement employer engagement strategies, develop "earn and learn" opportunities for jobseekers with disabilities, and conduct employer education. The project period is 24 months.

Business partners for the grant opportunity may include Sutter Health, SMUD, Starbucks, The Sacramento River Cats, and Safeway, to name a few. Other partners

will include the Sacramento City College Disability Resource Center--Disability Student Programs and Services (DSPS), California Department of Rehabilitation (DOR), Crossroads Diversified, and the NorCal Center on Deafness.

RECOMMENDATION:

Ratify the submission of the application to EDD for the Disability Employment Accelerator (DEA) funding opportunity in the amount of \$350,000, and authorize the SETA Executive Director to execute the agreement and any other documents required by the funding source.

BACKGROUND:

The California Employment Development Department (EDD), in coordination with the California Workforce Development Board (CWDB) and the California Labor and Workforce Development Agency, has released a solicitation for applications for the Workforce Innovation and Opportunity Act (WIOA) English Language Learner (ELL) Workforce Navigator Pilot. EDD has announced the availability of up to \$1.5 million in Workforce Innovation and Opportunity Act (WIOA) Governor's discretionary funds for Local Workforce Development Boards to develop and implement projects that increase access, create/enhance program structure and availability, and provide supportive services within the workforce system for California's ELLs.

As a result, SETA staff prepared and submitted a grant application by the deadline of March 30, 2017, in the amount of \$500,000 to create, expand/enhance partnerships and implement strategies to increase and improve access to employment, education and employment services for a minimum of 120 ELLs. The project period is 24 months.

If awarded, SETA's pilot will establish navigators with four Adult Education Block Grant (AEBG) and WIOA Title II providers to assist ELLs in navigating workforce system services through enhanced coordination/integration with the WIOA Title I Sacramento Works America's Job Centers of California (SWAJCC), AEBG and WIOA Title II programs, and other workforce development programs and services. Services will include, but are not limited to, vocational English language instruction, Adult Basic Education (ABE), high school completion/equivalency, career exploration, labor market research, career pathways development, work based learning, vocational training, support services, and job placement and retention services. A special focus will be placed on targeting outreach to refugee and Special Immigrant Visa (SIV) holder populations. ITEM III-A - 1 - ACTION

APPROVAL OF SELECTION OF JANITORIAL COMPANIES AND AUTHROIZE THE EXECUTIVE DIRECTOR TO NEGOTIATE WITH EACH VENDOR AND EXECUTE EACH AGREEMENT

BACKGROUND:

On January 5, 2017, SETA released a Request for Proposal (RFP) to procure janitorial services for Children and Family Services Department. Under the terms of the RFP, the resulting contract(s) will be of 2-year duration, with three - 1 year extension options, subject to the right of either party to terminate the contract upon ten (10) days written notice. A Public Notice Announcement was posted in the Sacramento Bee and on the SETA website. Additionally, SETA emailed and faxed copies of the Public Notice to 80 local janitorial companies, including SETA's current janitorial contractors, and the RFP was available to download from SETA's website. On January 20, 2017, an Offerors' Conference was held with six janitorial companies in attendance.

The RFP outlined eight Groups of school locations and kitchen services in which proposals could be submitted for evaluation. Eight companies submitted proposals by the deadline of February 16, 2017. The proposal evaluation committee, consisting of individuals from partner-agency SHRA and SETA's Children and Family Services Department, Fiscal Department and Facilities Unit, evaluated and ranked each proposal for each Group submitted. Groups were evaluated independently from other Groups.

The evaluation committee is finalizing recommendations after consideration of each company's prior janitorial experience, size and structure, qualifications of staff, responsiveness and fees. The committee's recommendations will be released on Thursday, March 30 and provided to the board at that time.

Staff will be available to answer questions.

RECOMMENDATION

Approve the selection of companies for each Group for janitorial services for the SETA Head Start/Early Head Start and central kitchen and authorize the Executive Director to negotiate with each vendor and execute each agreement.

PRESENTER: D'et Saurbourne

<u>ITEM III-B- 1 – ACTION</u>

APPROVAL OF APPOINTMENT TO THE SACRAMENTO WORKS WORKFORCE DEVELOPMENT BOARD

BACKGROUND:

The Workforce Innovation and Opportunity Act (WIOA) was passed in 2014 to replace the 1998 Workforce Investment Act (WIA) and to provide state and local areas the flexibility to collaborate across systems in an effort to better address the employment and skills needs of current employees, jobseekers, and employers. WIOA prescribes a stronger alignment of the workforce, education, and economic development systems. The WIOA modifies the structure of State and local workforce boards, allowing them to be smaller and charging them to be more strategic analysts and investors in the labor market.

As SETA continues the transition under the WIOA, the Governing Board has made changes regarding the composition and member requirements of the Sacramento Works Workforce Development Board to provide for consistency with WIOA requirements. The California Employment Development Department issued a directive seeking to have newly-formed local Workforce Development Boards seated by March 31, 2016. On March 3, 2016 the Governing Board took action to appoint members to the Workforce Development Board.

As part of its effort to implement the state directive, the Governing Board has previously taken action to approve an application and appointment process for the new Workforce Development Board. At its January 7, 2016 meeting, the Governing Board approved the application process for appointing members of the Workforce Development Board, identifying five separate categories for Workforce Development Board membership including: Business; Labor/Workforce; Education/Training; Government and Economic/Community Development; and others deemed by the Governing Board to be appropriate.

In order to implement the WIOA, Sacramento Works, Inc., the local Workforce Development Board, approved a series of amendments to Article III of its bylaws at its January 27, 2016 meeting. The SETA Governing Board approved these bylaw changes at its February 4, 2016 meeting. These amendments included modifications to the number of directors and the manner of appointment. The bylaw amendments included the following changes and the changes in Sections 3.01 (number of directors), 3.03 (staggering of terms) and 3.05 (process of appointment to implement staggered terms):

• Section 3.01 reduced the size of the board from a range of 36 to 50 down to a range of 15 to 30 and set the current size of the board at 25, a reduction from the previous size set at 41. The size of the board can be changed by simple board

resolution any time so long as it stays within the new range set by this amendment

- Section 3.02 changed the references to the qualifying law from the former WIA to the new WIOA.
- Section 3.03 made one change to provide for staggered terms as required under WIOA.
- Section 3.04 changed the reference to the qualifying law from the former WIA to the new WIOA.
- Section 3.05 (a) incorporated the changes needed to set up staggered terms by appointing approximately 1/3 of the directors appointed in March 2016 to two year terms, 1/3 to three year terms and 1/3 to four year terms. After these initial terms, all terms will be three years.

As part of its action on February 4, 2016, the Governing Board satisfied the desire for a smaller Workforce Development Board by setting the size of the Board at twenty-five members and allocated the twenty-five membership positions to the five membership categories in the following manner: Thirteen members were allocated to business (a majority of the membership); four members were allocated to Labor and Apprenticeship (at least 15% of the membership); six members were allocated to specific programs in the workforce system (community based organizations, Adult Education, Higher Education, Economic Development, Wagner-Peyser (EDD) and Vocational Rehabilitation); and two members were allocated to the "Other" category permitted by WIOA to provide the Governing Board with flexibility in appointing members in this catch-all category. Attached to this item is a table showing the allocation of positions as approved by the Governing Board on February 4, 2016.

On March 3, 2016 the Governing Board appointed twenty-five members to the newly formed Sacramento Works Workforce Development Board. Mr. Larry Burkhardt from the City of Sacramento was appointed to a four year term to represent Economic Development. Mr. Burkhardt is no longer employed by the city and the Sacramento Works Workforce Development Board took action on March 22, 2016 to declare his seat vacant.

SETA has received an application from Mr. Troy Givans, the Sacramento County Economic Development Director to become a member of the Board. His application is included under separate cover.

RECOMMENDATION:

Approve the appointment of Mr. Troy Givans, the Sacramento County Economic Development Director, to complete the term of the seat vacated by Mr. Burkhardt to represent Economic Development.

APPROVAL TO ACCEPT WORKFORCE INNOVATION AND OPPORTUNITY ACT, REGIONAL ORGANIZER FUNDS, AND AUTHORIZE THE EXECUTIVE DIRECTOR TO EXECUTE THE FUNDING AGREEMENT, MODIFICATIONS, OR OTHER DOCUMENTS REQUIRED BY THE FUNDING SOURCE

BACKGROUND:

In March, the California Workforce Development Board (CWDB) notified the lead agency, including SETA, of each of the fourteen Regional Planning Units (RPUs) that it would be providing \$85,714 in "Regional Organizer" funds to each RPU. The stated purpose of the funds is to work with the CWDB staff to deepen the regional coalition and workforce/education/economic development partnership building, engage employers as full partners in the workforce system, and support the implementation of the Slingshot Compacts. SETA, in coordination with the CWDB, to work with the workforce, business, labor, education and economic development partners to encourage and support industry engagement, system alignment, and collaboration across the workforce development system. Specifically, regional organizing will include:

- Acting as the liaison between the State Board and regional coalitions to ensure alignment of workforce development, education and economic development in efforts to engage employers and promote services to individuals with barriers to employment.
- 2. Supporting ongoing dialogue between labor, business, education, community, and the public workforce system and communicate results to the State Board.
- 3. Connecting State Board members and SlingShot Technical Assistance providers with regional partners to assist in implementation opportunities and overcoming challenges, including policy obstacles.
- 4. Supporting on-going implementation and development of SlingShot Compacts.
- 5. Identifying promising practices and successful convening efforts that link policy and practice.
- 6. Identifying related and relevant state and federal grant projects that should be coordinated in a common regional effort.
- 7. Coordinating with State-level partners (e.g., CDE Regional Consultants, EDD Regional Advisors, CCCCO Deputy Sector Navigators, DOR District Administrators) to identify issues and concerns regarding implementation of regional plans and efforts to support industry engagement. Connect State Board Mentors and Technical Assistance Providers with regional partners to assist in overcoming obstacles.
- 8. Attending monthly meetings with State Board staff, participate in SlingShot convening, and participate in conference calls with other regional organizers.

PRESENTER: Roy Kim

9. Working with regional coalitions, the California Workforce Association, and State Board to build capacity/local technical assistance, planning and local board development in order to implement WIOA Regional Plans and capacity of local board staff and partners through cross-training to implement Customer-Centered Design.

RECOMMENDATION:

Approve the acceptance of WIOA Regional Organizer funds, and authorize the Executive Director to execute the funding agreement, modifications, or other documents required by the funding source.

APPROVAL TO HIRE SETA RETIRED ANNUITANT AS A TEMPORARY SETA CONSULTANT EMPLOYEE

BACKGROUND:

As part of the California Workforce Development Board's (CWDB) "Regional Organizing" initiative discussed in the previous board item, the CWDB informed SETA that it would receive approximately \$53,000 in additional "Regional Coordination" funds to work with CWDB staff to provide the following services:

- 1. Support regional leadership in identifying targets and trends by working with Business Leadership Councils to determine regional projects and investments and coordinate with regional workforce and education initiatives.
- 2. Review the Regional Plans submitted by Regional Planning Units, identify gaps and develop plans to address gaps.
- 3. Plan, schedule, and conduct orientation/planning sessions for Regional Organizers.
- 4. Convene weekly conference calls and quarterly meetings of Regional Organizers.
- 5. Mobilize existing resources in support of regional goals and support development of regional compacts to respond to gaps identified in the Regional Plan.
- 6. Track progress and coordinate with the State Board and technical assistance providers to identify areas where technical assistance is needed.
- 7. Report and replicate success.
- 8. Research California and national models for regional decision making/governance
- 9. Assist in creating a unified regional business outreach/engagement strategy
- 10. Increase capacity of staff and partners through development of cross-training and cost-sharing strategies
- 11. Identify areas where regional cooperation would result in administrative efficiencies that reduce duplication and redundancy.

To complete deliverables for the Regional Coordination funds, staff is requesting approval to hire Ms. Robin Purdy to work with the CWDB and the Regional RPUs to provide the above services. The anticipated number of hours for this project is 960.

Ms. Purdy was last on the Agency's payroll as a full time employee in January 2015.

RECOMMENDATION:

Approve hiring Robin Purdy, a retired annuitant, as a temporary SETA Consultant employee at an hourly rate of \$55 for up to 960 hours.

ITEM III-B – 4 - ACTION

RATIFICATION OF THE SUBMISSION OF AN APPLICATION TO THE CALIFORNIA WORKFORCE DEVELOPMENT BOARD FOR WORKFORCE INNOVATION AND OPPORTUNITY ACT, REGIONAL IMPLEMENTATION AND INNOVATION FUNDS, AND AUTHORIZE THE EXECUTIVE DIRECTOR TO EXECUTE THE FUNDING AGREEMENT, MODIFICATIONS, OR OTHER DOCUMENTS REQUIRED BY THE FUNDING SOURCE AND ENTER INTO A SUBCONTRACT FOR SERVICES

BACKGROUND:

In March, the California Workforce Development Board (CWDB) notified local areas of the opportunity to apply for Workforce Innovation and Opportunity Act funds to support the development and implementation of regional decision-making structures that will strengthen local board activities and performance at the regional level.

In response, the staff of the Capital Region's local workforce boards (SETA/Sacramento Works, Golden Sierra, North Central Counties, and Yolo) have prepared an application requesting \$164,858, to implement the following two regional decision-making structures:

- 1. WIOA regional committee focused on reviewing and recommending changes that align WIOA policies, processes, and systems across the Capital Region.
- 2. Comprehensive system-wide regional committee focused on aligning policies, processes, and systems across all regional partners/funding sources.

The local boards will subcontract with Valley Vision for up to \$125,000 to provide convening, facilitation and coordination services. To that end, the local boards recommend proceeding with noncompetitive procurements based on the finding that Valley Vision is the sole local entity available to provide the independent convening, facilitation and coordination services necessary to engage and align system partners. Valley Vision already plays a central role in multiple regional partner initiatives like the "Slingshot Project," the community college system's "Strong Workforce Initiative," the "Align Capital Region" effort, the "Next Economy Prosperity Plan," and is uniquely positioned to leverage and build upon the relationships, experience, knowledge and information gained from these existing planning efforts to successfully coordinate this project.

Staff will be available to answer question.

PRESENTER: Roy Kim

<u>ITEM III-B – 4 – ACTION</u> (continued) Page 2

RECOMMENDATION:

Find that the services to be provided by Valley Vision are available from no other source based upon the information provided in the Background, ratify the submission of an application to the CWDB for WIOA Regional Implementation and Innovation funds, and authorize the Executive Director to execute the funding agreement, modifications, or other documents required by the funding source and enter into a subcontract with Valley Vision for the independent convening, facilitation and coordination services necessary to engage and align system partners.

SACRAMENTO—ROSEVILLE—ARDEN-ARCADE METROPOLITAN STATISTICAL AREA (MSA)

(EL DORADO, PLACER, SACRAMENTO, AND YOLO COUNTIES) Educational and health services led month-over and year-over job growth

The unemployment rate in the Sacramento--Roseville--Arden-Arcade MSA was 5.1 percent in February 2017, down from a revised 5.3 percent in January 2017, and below the year-ago estimate of 5.5 percent. This compares with an unadjusted unemployment rate of 5.2 percent for California and 4.9 percent for the nation during the same period. The unemployment rate was 4.9 percent in El Dorado County, 4.3 percent in Placer County, 5.2 percent in Sacramento County, and 6.3 percent in Yolo County.

Between January 2017 and February 2017, combined employment in the counties of El Dorado, Placer, Sacramento, and Yolo increased by 5,700 to total 960,100 jobs.

- Educational and health services (up 2,000 jobs) led the region in job growth from January to February. Health care and social assistance accounted for 70 percent of the job additions, picking up 1,400 jobs. Education services added 600 jobs.
- Professional and business services gained 1,800 jobs over the month. A majority of the increase was in administrative and support and waste services (up 1,600 jobs).
- Leisure and hospitality expanded by 1,100 jobs. Accommodation and food services added 900 jobs. Arts, entertainment, and recreation advanced by 200 jobs.
- Trade, transportation, and utilities (down 1,200 jobs) and financial activities (down 100 jobs) were the only two industries to experience month-over declines.

Between February 2016 and February 2017, total jobs in the region increased by 15,900, or 1.7 percent.

- Educational and health services (up 6,200 jobs) continued to lead year-over growth for the fifth consecutive month. Health care and social assistance led the expansion with 6,500 jobs. This gain offset a loss in education services (down 300 jobs).
- Professional and business services added 5,500 jobs from last February. Administrative
 and support and waste services grew by 4,300 jobs. Professional, scientific, and technical
 services gained 1,900 jobs. These gains offset a decline in management of companies and
 enterprises, which dipped by 700 jobs.
- Leisure and hospitality gained 3,300 jobs, with the majority of the increase in accommodation and food services (up 2,800 jobs). Arts, entertainment, and recreation contributed 500 jobs over the year.
- Four major industries experienced job reductions from last February, led by construction (down 1,800 jobs), other services (down 1,300 jobs), manufacturing (down 600 jobs), and information (down 500 jobs).

CDP is "Census Designated Place" - a recognized community that was unincorporated at the time of the 2011-2015 5-Year American Community Survey (ACS).

Notes:

- 1) Data may not add due to rounding. All unemployment rates shown are calculated on unrounded data.
- 2) These data are not seasonally adjusted.

Methodology:

Monthly city labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each city at the time of the 2009-2013 American Community Survey. Ratios for cities were developed from special tabulations based on ACS employment, unemployment, and population and Census population from the Bureau of Labor Statistics. For smaller cities and CDPs, ratios

Data Not Seasonally Adjusted

Labor Employ- Unemployment Census Ratios

Area Name Force ment Number Rate Emp Unemp

were calculated from published census data.

Monthly CDP's labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each CDP at the time of the 2011-2015 ACS survey. Ratios for CDPs' were developed from special tabulations based on ACS employment and unemployment from the Bureau of Labor Statistics.

This method assumes that the rates of change in employment and unemployment since the 2009-2013/2011-2015 American Community Survey are exactly the same in each city and CDP as at county level (i.e., that the shares are still accurate). If this assumption is not true for a specific city or CDP, then the estimates for that area may not represent the current economic conditions. Since this assumption is untested, caution should be employed when using these data.

- 2) These data are not seasonally adjusted.

Methodology:

Monthly city labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each city at the time of the 2009-2013 American Community Survey. Ratios for cities were developed from special tabulations based on ACS employment, unemployment, and population and Census population from the Bureau of Labor Statistics. For smaller cities and CDPs, ratios were calculated from published census data.

Monthly CDP's labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each CDP at the time of the 2011-2015 ACS survey. Ratios for CDPs' were developed from special tabulations based on ACS employment and unemployment from the Bureau of Labor Statistics.

This method assumes that the rates of change in employment and unemployment since the 2009-2013/2011-2015 American Community Survey are exactly the same in each city and CDP as at county level (i.e., that the shares are still accurate). If this assumption is not true for a specific city or CDP, then the estimates for that area may not represent the current economic conditions. Since this assumption is untested, caution should be employed when using these data.
