8. Approval of Revised Agency Insurance Requirements

Mr. Thatch stated that Legal Counsel has been working on the insurance requirements for a considerable amount of time. Today, the board will review amendments to the insurance requirements for SETA's vendors. The three primary modifications recommended were reviewed. The first modification would grant the Executive Director the ability to deviate from the standards where prudent. The Executive Director must make the findings to accommodate the deviation. The second change is to continue to require certificates of insurance; they are merely a statement by a broker that the insurance is in place. They do provide some benefit. The third change is to add a new coverage, Employment Practices Liability Coverage, which was recommended by SETA's risk management consultant and takes care of employee claims.

Mr. Thatch stated that the county has been in the process of updating their insurance requirements and legal counsel has been waiting to see the county's revisions. It is necessary to update SETA's requirement and if the county's requirements are significantly different, SETA's requirements will change accordingly.

Moved/Schenirer, second/Nottoli, to approve the revised Insurance Requirements as presented. Roll Call Vote: Aye: 3 (Nottoli, Schenirer, Scherman) Nay: 0 Abstention: 0 Absent: 2 (Carr and Kennedy)

Ms. Scherman extended appreciation for the staff reports; the reports do a great job providing information that is needed.

## B. WORKFORCE DEVELOPMENT DEPARTMENT: No items. <u>Community Services Block Grant</u>: No items. <u>Refugee Services</u>: No items.

One Stop Services

1. Approval of Noncompetitive Procurement and Selection of Payroll Service Provider for Workforce Development Programs and Participants

Ms. Carpenter stated that this item is requesting approval of the Community College Foundation as the approved proposer for payroll services for employment and training programs. They will serve as employer of record for work experience and paid work programs for adults and youth.

Mr. Nottoli inquired how proposers were assured that SETA's electronic clock was calibrated correctly. Mr. Proctor stated that he will find out and report back.

Ms. Carpenter was the reccipient of the proposal. In order to ensure the time received, staff looked at SETA's server that received the proposal. Mr. Nottoli wants to make sure SETA's server is calibrated to show the correct time and that the timing process is equitable across the board.

Ms. Scherman suggested that when Request for Proposals are developed, include language that the server will verify the time of the proposal submission.

Moved/Schenirer, second/Scherman, to find that, after solicitation of a number of sources, competition is determined to be inadequate, approve the use of noncompetitive procurement based on this finding, and approve the selection of The California Community College Foundation as SETA's Payroll Services Provider for workforce development programs and participants, PY2017-2018, with the option to extend for additional periods beginning July 1, 2018. Roll Call Vote: Aye: 3 (Nottoli, Schenirer, Scherman) Nay: 0 Abstention: 0 Absent: 2 (Carr and Kennedy)

# C. CHILDREN AND FAMILY SERVICES

1. Approval of the Submission of the Head Start/Early Head Start Cost of Living Adjustment (COLA) Application 2017-2018

Ms. Denise Lee stated that this application was due June 30 and this is a ratification board item.

Moved/Scherman, second/Schenirer, to approve the submission of the Cost of Living Adjustment application for the Head Start/Early Head Start base grant in the amount of \$513,922 and the Early Head Start-Child Care Partnership and Expansion grant in the amount of \$14,964 for Fiscal Year 2017-2018. Total COLA funds will be \$528,886. Roll Call Vote: Aye: 3 (Nottoli, Schenirer, Scherman) Nay: 0 Abstention: 0 Absent: 2 (Carr and Kennedy)

# V. Information Items

- A. Monitoring Report on SETA's Financial Management and Procurement Activities: No questions.
- B. Fiscal Monitoring Reports: No questions.
- C. Employer Success Stories and Activity Report: Mr. William Walker reported that his unit has been working with a lot of employers that are hiring. Los Rios is doing a lot of hiring for higher level positions. There are some entry level positions that SETA is providing assistance. Some of the deans at some of the departments are looking at their graduating students for potential employees. Sellands on Broadway has hired several people from the Broadway housing complex. Mr. Nottoli asked if there was a connection with Amazon. Mr. Walker replied that he received a call from Amazon Corp in New York but he has not connected with a local person. Amazon generally uses staffing agencies.
- D. Dislocated Worker Update: No additional report.
- E. Unemployment Update/Press Release from the Employment Development Department: Mr. Nottoli asked where retail falls in the report and Mr. Walker replied that he will find out and report back.

Mr. Schenirer reported that one industry that is increasing is the cannabis industry; the City received around 70 applications recently. Mr. Schenirer inquired whether SETA has any contact with this industry. Mr. Walker replied that he was approached 6-8 months ago for recruitment. There was some discussion as to what kind of skill set was necessary. Mr. Thatch stated that given the federal nature of our funds, it would not be prudent to support the cannabis industry. The federal government does not acknowledge the cannabis and there would be a disallowed cost should SETA utilize staff for these

recruitments. There is a disconnect between the state and federal government. Mr. Thatch will investigate and report back as to whether SETA could potentially lose funding or be fined. Mr. Thatch suspects that it will involve all money that SETA receives.

F. Head Start Reports: Ms. Denise Lee reported that SETA was contacted by the National Center for Early Childhood Development, Teaching, and Learning. SETA was selected as a provider that has high quality services in the classroom and as a result two centers will be videotaped with short teaching vignettes available to teachers nationwide. The two sites chosen were Galt and Mather Head Start. Videotaping will be done in the next few weeks. Ms. Lee explained that the Elkhorn site was closed to deal with an infestation issue. Current integrated pest management systems prohibit the use of chemicals and sprays to actively deal with pests. Less invasive pest management tools were used, but did not prove successful. As a result the center was closed for more targeted intervention. The center has since re-opened and resumed services for children and families.

# VI. <u>Reports to the Board</u>

- A. Chair: No report.
- B. Executive Director: No report.
- C. Deputy Directors: Mr. Roy Kim reported that SETA was awarded the \$500,000 English Language Learner grant from State Workforce Board and \$350,000 Disability Employment Accelerator grant, both under Ms. Michelle O'Camb's leadership. SETA also received the \$500,000 continuation award for the Veterans Assistance program under Mr. Walker's leadership. The final WIOA allocations were received and the final amounts were decreased less than \$1,000 from the original decreases in the adult and dislocated worker allocations.
- D. Counsel: No report.
- E. Members of the Board: Mr. Scheinrer offered board members the opportunity to comment on the passing of former City Councilmember Bonnie Pannell. Ms. Scherman spoke of her memories of Ms. Pannell and how Ms. Pannell left a large hole in the Board when she left. Mr. Nottoli reported that he served with her on several boards, and it was an honor working with her. He knew her for over 35 years and she was a tireless advocate for her community. She was committed to making changes in the lives of people. Mr. Schenirer stated that when you look at the Meadowview community, you see the physical evidence of what she did. She had a good heart and did not accept "NO" when it came to her community.
- F. Public: Mr. Proctor reported that SETA's server utilizes Internet Time Server which is managed by the Institutes of Standards Technology under the U.S. Department of Commerce; this is consistent across all technology.
- VII. <u>Adjournment</u>: Adjourned in memory of Ms. Bonnie Pannell at 10:47 a.m.

## BACKGROUND:

Over the past several years, SETA has operated programs where either the programs or the employers have required that trainees or potential employees have background checks. Recently, the California Department of Justice (DOJ) notified SETA that a Board Resolution authorizing SETA staff to access participant information for employment and training purposes was needed.

# ITEM III-A - 2 - ACTION

## TIMED ITEM: 10:00 AM AND PUBLIC HEARING: APPROVAL OF CHANGES TO THE SETA PERSONNEL POLICIES AND PROCEDURES VEHICLE POLICY

## BACKGROUND:

The SETA Personnel Policies and Procedures provide direction to staff and periodically need to be updated in response to changes in technology, laws, regulations, and the work environment.

In light of changes in regulations regarding cellular phones, distracted driving, and insurance rules SETA has conducted a thorough review of its Vehicle and Driving Policy (Section 11.05).

These changes:

- 1. Clarify the expectations for staff regarding driving on Agency Business
- 2. Update language regarding cell phone use.
- 3. Bring language into alignment with existing California law.
- 4. Address the actions the Agency will take should an employee's driving record no longer permit them to drive on Agency business.

The Agency held five meet and confer sessions with AFSCME over nine months to finalize the changes to this policy. The Union declined to agree to the policy but is not objecting to its adoption and will address any issues as they arise. The policy is not being imposed over their objection. Both the redlined version and final version of the policy are attached.

#### **RECOMMENDATION:**

Open a public hearing, take public testimony, and take action to close the public hearing and approve the updated Vehicle and Driving Policy.

## ITEM III-B – 1 – ACTION

## APPROVAL OF THE COMMUNITY SERVICES BLOCK GRANT (CSBG) REQUEST FOR PROPOSALS FOR THE 2018 PROGRAM YEAR

## BACKGROUND:

As the designated Community Action Agency for Sacramento County, the Sacramento Employment and Training Agency (SETA) administers CSBG funds to meet locally determined needs. Local needs are determined through a Community Action Plan process designated by the State of California, Department of Community Services and Development (CSD), that relies on research into current community conditions, and public testimony and community surveys about unmet community needs.

On June 1, 2017, the SETA Governing Board approved the 2018/2019 Community Action Plan (CAP). The CSBG Request for Proposals (RFP) solicits proposals from qualified agencies to address the needs, services and recommendations identified in the CAP.

At this time, the federal government has not approved a budget and the total amount of Community Services Block Grant funding for the 2018 program year is not yet known. For planning purposes, SETA has included in the RFP an estimated amount that is based on the previous year's allocation. A total of \$800,000 is projected for release, on a competitive basis, to public and private non-profit entities with the capacity and experience to meet unmet needs identified in the CAP. The estimated available funding by category for the 2018 CSBG RFP is as follows:

- 1. Forty percent (40%), or \$320,000, for Family Self-Sufficiency (FSS) services intended to stabilize in-crisis and vulnerable households in preparation for employment/training-based services through a Sacramento Works America's Job Center, and a pathway to self-sufficiency.
- 2. Forty percent (40%), or \$320,000, for Safety-Net (SN) services, one-time or limited services to households experiencing an economic shortfall.
- 3. Twenty percent (20%), or \$160,000, for Youth and Senior Support (YSS) services, which are comprehensive, case-managed support services that support homebound seniors wishing to maintain residence in their housing-of-choice, and that intervenes in the lives of youth expressing gang, pre-gang, reckless or criminal behavior.

SETA will target the most vulnerable populations in Sacramento County. For the 2018 program year, groups that will receive priority for services include low-income families, single parents with children 0-5, at-risk foster and adjudicated youth, homebound

seniors and disabled seniors, and homeless individuals and families, including homeless youth. Up to \$40,000 in YSS funding will be available to fund proposals targeting recidivism among previously arrested African American youth 14-17 years old.

The process and criteria for selecting delegate agencies to implement services and activities identified in SETA's Community Action Plan are outlined in the draft CSBG Request for Proposals (RFP) for the 2018 Fiscal Year that has been sent under separate cover.

The Community Action Board reviewed and approved the release of the CSBG RFP at its July 12, 2017 meeting.

### **RECOMMENDATION:**

Approve the CSBG Request For Proposals for the 2018 Fiscal Year.

# UPDATE ON MAYOR STEINBERG'S THOUSAND STRONG INITIATIVE

## BACKGROUND:

Mayor Steinberg launched the Thousand Strong youth employment pilot program this summer. The Sacramento County Office of Education and SETA are partners in the Thousand Strong Initiative and are subcontracting with youth service providers to provide a year-long, paid internship program that matches young, talented students with businesses and then readies those interns for success on the job. The goal is to obtain 1,000 internships.

SETA, a Thousand Strong partner, has contracted with eight community-based organizations to deliver work readiness and workplace skills training to prepare the Thousand Strong youth for employment placement. Training providers include:

- Crossroads Diversified Services, Inc.
- DCM Diversified Contract Management Group
- Greater Sacramento Urban League
- HAWK
- La Familia
- North State Building Industry Association
- PRO Youth
- The Boys and Girls Club

Currently, SETA Thousand Strong providers have trained 193 youth referred through the Mayor's office and 41 have been placed with employers. The Thousand Strong partners are working closely with the Mayor's office to place the remaining young people in employment by the end of the summer. The partners are also reviewing the initial program design to ensure that the year-round program successfully prepares and connects youth and employers.

#### Notes:

1) Data may not add due to rounding. All unemployment rates shown are calculated on unrounded data.

2) These data are not seasonally adjusted.

#### Methodology:

Monthly city labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each city at the time of the 2009-2013 American Community Survey. Ratios for cities were developed from special tabulations based on ACS employment, unemployment, and population and Census population from the Bureau of Labor Statistics. For smaller cities and CDPs, ratios

#### **Data Not Seasonally Adjusted**

	Labor	Employ-	Unemploy	ment	Census	s Ratios

were calculated from published c	ensus dat	a.				

Monthly CDP's labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each CDP at the time of the 2011-2015 ACS survey. Ratios for CDPs' were developed from special tabulations based on ACS employment and unemployment from the Bureau of Labor Statistics.

This method assumes that the rates of change in employment and unemployment since the 2009-2013/2011-2015 American Community Survey are exactly the same in each city and CDP as at county level (i.e., that the shares are still accurate). If this assumption is not true for a specific city or CDP, then the estimates for that area may not represent the current economic conditions. Since this assumption is untested, caution should be employed when using these data.
