- ▶ **Presentation:** Automation Risk for Jobs in the Sacramento Capital Region: Ms. Evan Schmidt, Incoming CEO, Valley Vision, provided an overview of the automation risks for jobs in the region. This research was done in partnership with the Center of Excellence. The study will assist in what can be done about job displacement resulting from automation. It is a bigger issue now as we are dealing with COVID- 19 and everything suggests that automation risks will be accelerating, bringing transformational changes to the workplace. The entire study can be found on their website:  
<https://www.valleyvision.org/resources/automation-risk-for-jobs-in-the-capital-region/>.
  
- ▶ **Presentation:** Ebony Benzing, Research Manager, Los Rios Center of Excellence: Ms. Benzing stated that there are about eight centers throughout the state and their collective mission is to provide labor market data and other types of analysis to California community colleges, particularly in support of the Career Education programs. Ms. Benzing provided an overview of automation in the region and how it will affect training and employment. In this report automation risk is broken into three categories: 1) high risk which includes occupations that have computerization probability scores that fall in the top quartile, 2) medium risk which are occupations that have scores that fall within the third quartile, and 3) low risk occupations with scores that earn a lower quartile. In the capital region 1.2 million jobs, or 30%, were categorized as high risk, 29% percent as medium risk, and almost 40% were considered to be at low risk for automation. Historically minority workers or underrepresented workers are most at-risk of automation in our region. This is because of their overrepresentation in those high and medium risk occupations and underrepresentation in low risk occupations. Ms. Benzing encouraged the board to read the report in depth. There is a lot more information in there about the region's industries and a list of high and low risk occupations and top occupations in the region as well as some recommended actions.

#### **IV. Information Items**

- A. Dislocated Worker Report: Mr. Walker reported that the number of WARN notices have gone down. However, he received notification that 700 ramp agents and storage workers will be laid off as a result of COVID. This is regionally, not just in Sacramento.

- B. Employer Recruitment Activity Report: Staff has been working a great deal in public sector employment recruitment for city, state, and county employment. There continues to be a need for public sector employees due to retirements.
- C. Unemployment Update/Press Release from the Employment Development Department: Mr. Kim reviewed this item. The actual unemployment rate is significantly higher than the report based on the UI claims; he thinks it is around 20%.

Ms. Blackwood joined at 9:15 a.m.

### III. Action/Discussion Items

#### A. Discussion on the Role of the Sacramento Works Board

Mr. Wylie reviewed a document that was prepared addressing how our board needs to change, how our board needs to adapt to the situation of COVID-19, and now throw the escalating automation aspect that could affect our region. There was discussion of increasing the number of board meetings. But the board committees may benefit by meeting between those bi-monthly board meetings and perhaps this board needs to confirm the role of the active needs of the committees. Board member engagement at the committee level will be increasingly more important. Mr. Wylie asked committee chairs to provide an overview of their committees and asked board members not currently serving on a committee to consider joining.

#### D. Committee Updates

- ✓ Board Development Committee: Ms. Clawson stated this small but mighty committee is working to revise a board responsibilities and commitments document. Each board member will be contacted to confirm that you are able to meet with this expanded board response timeline, how often can you meet, and what committee you are thinking of participating on. And then at the end of the year, self-evaluation tools will be sent so members can assess their participation and see how they are contributing to this board. Ms. Clawson would love to have additional members consider joining this committee.
- ✓ Youth Committee: Ms. Terri Carpenter reviewed this committee; the committee is a pretty active committee. There are a number of youth members on the committee as well, which is great. Mr. Gordon helped identify Youth Committee activities recognizing there will be more stranded youth at this time. The Youth Committee will continue to monitor the current programs and how well they are accessing and serving youth. The Youth Committee will look to see what needs to change and what old programs are no longer sufficient.

- ✓ Planning/Oversight Committee: Dr. Jamey Nye stated that there is more collaboration and coordination at a regional level. As shown today, Valley Vision and the Center of Excellence are valued for their input on things they are working on. It is also important for us being responsible as a board to reaching out to those other agencies and sharing with them what we are doing and then expanding our partnerships on specific initiatives.
  
- ✓ Employer Outreach Committee: Mr. Ron Ellis stated that this committee wants to get more employers aware of the set of services SETA offers and try to encourage them to avail themselves of using one aspect or another if it's appropriate for their business. The committee is working to increase membership and ways to do it utilizing non-board members. The committee is working to pursue employer program sponsorships to strengthen new and current programs and to develop a sponsor solicitation package.

**V. Other Reports**

1. Chair: No additional report.
2. Members of the Board: No comments.
3. Counsel: No report.
4. Public Participation: No comments.

**VI. Adjournment**: The meeting was adjourned at 9:30 a.m.

## ITEM III-A – ACTION/DISCUSSION

### DISCUSSION ON THE ROLE OF THE SACRAMENTO WORKS BOARD

#### BACKGROUND

At the May 27, 2020 Board meeting, the board members discussed beginning to revisit the direction the board may be taking based on the economic events of the COVID-19 pandemic. The Board received input from staff, the business community (Sacramento Metro Chamber of Commerce), government (Labor Market Data from the Employment Development Department) and individual board members.

The newly elected Board Chair Mr. Rick Wylie requested that the Board revisit its role and identify actions to bring about rapid and positive recovery. At its June 24 meeting, the Board reviewed a draft response plan developed by the Executive Committee. The Board discussed current and future areas of focus of the current committees with a possible addition of a Fund Development Committee. The June 22 draft response plan is included for reference.

This item provides an opportunity for Board member input on this board direction. In addition, this item provides an opportunity to hear from each board member on how COVID-19 has affected their business and what changes have been made to deal with them.

**Sacramento Works, Inc.**  
**Post-Covid Board and Committee**  
**Draft Response Plan – June 22, 2020**

Due to the Pandemic's massive impact on our Community and its businesses, we feel it is imperative that our Board revisit our critical role and actions to help bring about rapid and positive recovery. Key questions we want to seek answers to include:

1. Where do we as a Board need to modify and expand our contribution to the success of SETA/Sacramento Works?
  - a. Do we need to meet monthly in order to more rapidly craft and implement our modified plans?
    - i. Bi-monthly Board-working sessions to develop and refine the new Committee initiatives, until they are effectively launched?
  - b. Do our Committees need to meet more frequently, and should they expand their membership from both Board and non-Board members?
2. What does Sacramento Works leadership need from the Board over the next 12 months?

**Current Committees and possible “key added areas of focus” over the next year:**

**1. Board Development Committee – Lisa Clawson Chair**

- a. Review and refine Board Responsibilities/Commitment Documents
- b. Poll current Board members to a) confirm their ability to meet expanded Responsibilities, and b) seek their ideas regarding future Board and Committee activities and their ideal participation accordingly.
- c. Redeploy annual self-evaluation tool, and an annual report therein.
- d. Seek new Committee and Board applicants that can fulfill our current and future needs.
  - i. Key goal: new non-board Committee members are great future candidates for Board positions.

## **2. Youth Committee – David Gordon Chair**

- a. How do we identify and connect with an increased “stranded Youth” contingent at this time, including new graduates and a growing Disadvantaged Youth group.
- b. How well do our current programs serve these groups? What needs to change?
- c. What new opportunities do we have to better serve them?
  - i. New Government funding resources?
  - ii. Business Sponsorships and involvement? (Partner with the Employer Out Reach Committee?)
  - iii. Internship development and expansion, working with EOC?
- d. Amplify the Youth voice in our community.

## **3. Planning and Oversight Committee – Dr. Jamey Nye Chair**

- a. Initiate coordination and collaboration with other Local Agencies such as Valley Vision, Golden Sierra, GSEC, Chambers, etc.
  - i. Invite other Local Agencies to share the programs and initiatives they are developing.
  - ii. Expand our partnerships with other Local Agencies on specific initiatives.
  - iii. Inform other Local Agencies on Sacramento Works initiatives.

## **4. Employer Outreach Committee – Ron Ellis Chair**

- a. Conduct regular Employer Outreach activities  
– Survey employers to understand what their future needs are, current and future staffing needs.
- b. Curate the committee’s membership to position it for strategic alliances and program success
- c. Develop with approval of all involved (Staff, board, etc.) an annual Employer Outreach Program calendar.

- d. Pursue Employer Program sponsorships to strengthen new and current programs.
- e. Be responsive in Investigating, Developing & Expanding '*in-place*' or new Employer-based Internship programs

**5. Finance and Fund Development – (no current Committee or Chair)**

- a. Sustain and expand current funding sources where possible
- b. Proactively pursue new funding sources as they emerge.
- c. Identify fund development activities and events that can support new programs or supplement existing ones.
