Voice Vote: Unanimous approval.

III. **Discussion/Action Items**

- A. **TIMED ITEM: 8:00 A.M. AND PUBLIC HEARING:** Approval of Amendments to the Sacramento Works, Inc. Bylaws

Mr. Phil Cunningham reviewed the technical amendments to update the bylaws to meet requirements of the California Workforce Investment Board. Mr. Cunningham stated that the Employer Outreach Committee was moved as a standing committee so Sacramento Works can qualify as an outstanding WIB. It also necessitates other adjustments such as the removal of the one-stop oversight committee and the addition of the committee chairs to the Executive Committee. The annual meeting was changed from October to September.

Mr. Morin inquired why there is no reference to the chair of the Youth Council in the bylaws. Mr. Cunningham stated that the Youth Council is in a unique position in that appointments to the Youth Council require appointment by the Governing Board.

Mr. Camp stated that it is appropriate to change language so the qualifications for second vice chair have no successorship. The recommendation is clear that the second vice chair cannot be the chair and that they come from the labor council. This is a pattern that has been in place since 2000; there needs to be clarification that the second vice chair be from the labor council.

Ms. Kossick requested that the board approve the bylaws in order to conform to the high performing board criteria. Mr. Cunningham stated that he will draft language that the second vice chair cannot succeed to the office of chair.

A public hearing was opened; no public testimony was heard.

Moved/Camp, second/Conner, to close the public hearing, and approve the modification to the bylaws as outlined by Legal Counsel.
Voice Vote: Unanimous approval.

B. Approval of Sacramento Works Five-Year Workforce Development Plan - 2013-2018

Ms. Robin Purdy stated that this has been through the Planning/Oversight Committee which has also worked on many elements of the five year strategic plan. There will be annual updates. The California Workforce Investment Board (CWIB) developed a strategic workforce plan including the recertification of WIBs; this is the document by which the CWIB will determine whether the Sacramento WIB qualifies as a high performing board.

Ms. Purdy stated that the entire plan is posted on the web site. The plan will be submitted to the State by July 1; comments from this board will be included with the plan and will also be submitted to the CWIB. The SETA Governing Board will concur on June 20 and then the plan will be submitted to the State.

Ms. Purdy stated that the Agency currently funds 11 centers distributed around the county; many are housed in organizations that provide training services. The Agency received 13 proposals for Training Centers and staff is reviewing the proposals which will go before the Governing Board for approval on June 20.

Mr. Younger asked if there was any concern that the reduction will mean people would not have the access as before and Ms. Purdy replied that she does not believe there will be issues; some of the centers already have computer labs. The public library system will be contacted to discuss how to connect to the virtual one stop system. Staff will be working on a transition plan for the six One Stop sites affected.

Ms. Michelle O'Camb stated that all of the current career centers have submitted proposals in response to the RFP which means these centers could potentially remain open.

Mr. Raymond stated that they are trying to utilize universal service laws by co-locating services in areas rather than at a standalone center. He urged SETA to look at training providers in the area and consider leveraging the services already available. It concerns him regarding the lack of collaboration of the school districts. He does not see anything specific working with school districts providing services to kids.

Ms. Welsch stated that youth services are divided into in-school and out-of-school programs; she reviewed the services available to youth. Staff is always working with the Adult Education or the K-12 collaboration to provide services to kids.

Dr. Ladd thanked staff working on the report; it was well done. Thirty percent of the population in Sacramento County is youth. The governor's proposal for K-12 services has been delayed. It is important to be nimble and be fully engaged the development of training programs for young people.

Ms. Sanchez expressed concern with language in the plan regarding special populations; it does not specifically identify Native Americans. Ms. Sanchez feels the Native American population is frequently overlooked because the population is so small. Ms. Sanchez requested that special populations include Native Americans.

Mr. Camp stated that achieving the exceptional WIB status puts the agency in line for additional funding. He recommended taking out 'braiding'. Mr. Camp asked if thought had been given to what staffing it takes to deliver the skilled jobs and training for the changing market under the Affordable Care Act.

In addition, Mr. Camp stated that there could be a huge increase in hospitality positions with the building of the new arena. It is important for Sacramento

Works to be included in the stakeholders. As a board member and as a policy board, Mr. Camp stated that this board should advocate that the apprenticeships and the construction workers come out of the low income ZIP codes.

Ms. Purdy replied that the term 'braided' comes out of the guide but she will remove it and change it to 'leveraged'. Regarding the Affordable Care Act, staff will be doing the research and the Agency has been given a notice of intent of a grant to do education on the Act. The Department of Social Services and four other groups have been funded.

Moved/Camp, second/Wylie, to approve the Sacramento Works, Inc. Five-Year Local Plan and recommend approval by the Sacramento Works Board.
Voice Vote: Unanimous approval.

C. Approval of the Workforce Investment Act Sacramento Works Resource Allocation Plan for 2013-2014

Ms. Purdy stated that funds projected to provide the training services and subsidized services will be 61% of the budget; these funds will be used to support training activities.

Moved/Camp, second/Koen, to approve the Sacramento Works Resource Allocation Plan for 2013-14.
Voice Vote: Unanimous approval.

D. Approval of Funding Extension Recommendations for the Workforce Investment Act (WIA), Title I, Youth Program, for Program Year 2013-2014

Mr. Cunningham reminded board members that anyone having an affiliation with any of the programs being recommended for funding to declare a conflict and step out of the room.

The following board members declared their conflict and left the room: Dr. Ladd, Ms. Sanchez, and Mr. Raymond.

Mr. Younger reported that the Youth Council had a good discussion of the funding extensions. There was unanimous approval of the Youth Council to forward these funding recommendations.

Ms. Christine Welsch stated that there are two providers on corrective action. At this point in the program year, the program ends June 30, there will be a caveat that the programs not providing services will be given corrective action. Youth Council will take action to deal with potentially deficient programs.

Moved/Younger, second/Camp, to approve the funding extension recommendation for the WIA, Title I, Youth Program, PY 2013-2014 with the

program year beginning July 1, 2013. In addition, approve with the stipulation that all funding recommendations are subject to satisfactory year-end program performance reviews. Subgrantees that do not meet performance goals and benchmarks will be evaluated in August 2013 and throughout the program year and may face deobligation of funds.

Roll Call Vote: Aye: 19, Nay: 0, Abstentions: 3 (Ladd, Raymond, and Sanchez)

UNEMPLOYMENT UPDATE/PRESS RELEASE FROM THE EMPLOYMENT
DEVELOPMENT DEPARTMENT

BACKGROUND:

The unemployment rate for Sacramento County for the month May was 7.8%.

Attached is a copy of a press release from the Employment Development Department breaking down the job losses and job creations for the regional area.

Staff will be available to answer questions.

**SACRAMENTO-ARDEN-ARCADE-ROSEVILLE METROPOLITAN STATISTICAL AREA (MSA)
(EL DORADO, PLACER, SACRAMENTO, AND YOLO COUNTIES)**

Total wage and salary employment up over the month and over the year

The unemployment rate in the Sacramento-Arden Arcade-Roseville MSA was 7.8 percent in May 2013, down from a revised 8.2 percent in April 2013, and below the year-ago estimate of 10.3 percent. This compares with an unadjusted unemployment rate of 8.1 percent for California and 7.3 percent for the nation during the same period. The unemployment rate was 8.0 percent in El Dorado County, 7.0 percent in Placer County, 8.0 percent in Sacramento County, and 7.9 percent in Yolo County.

Between April 2013 and May 2013, total wage and salary employment located in the counties of El Dorado, Placer, Sacramento, and Yolo increased by 4,900 to total 842,500 jobs.

- Farm led the month-over expansion with a 1,500-job gain, a normal seasonal increase.
- Professional and business services added 1,400 jobs. The gain in administrative and support and waste services (up 1,500 jobs) more than offset the slight loss in professional, scientific, and technical services (down 100 jobs).
- Leisure and hospitality recorded the largest April-to-May increase since 1991 with an addition of 700 jobs.
- Other services was the only sector to report a decrease for the month (down 400 jobs).

Between May 2012 and May 2013, total jobs located in the region increased by 6,700, or 0.8 percent.

- Professional and business services picked up 4,700 jobs over the year. Professional, scientific, and technical services (up 3,100 jobs), administrative and support and waste services (up 1,400 jobs), and management of companies and enterprises (up 200 jobs) all contributed to the expansion.
- Trade, transportation, and utilities added 4,000 jobs, mostly in retail trade (up 2,800 jobs).
- Educational and health services added 2,200 jobs. The bulk of the job gains were in health care and social assistance (up 1,500 jobs), although education services contributed 700 jobs.
- Construction cut back 2,800 jobs. All components of the industry registered decline over the year, including specialty trade contractors (down 500 jobs) and construction of buildings (down 300 jobs).

CDP is "Census Designated Place" - a recognized community that was unincorporated at the time of the 2000 Census.

Notes:

- 1) Data may not add due to rounding. All unemployment rates shown are calculated on unrounded data.
- 2) These data are not seasonally adjusted.

Methodology:

Monthly city and CDP labor force data are derived by multiplying current estimates of county employment and unemployment by the employment and unemployment shares (ratios) of

Data Not Seasonally Adjusted

Area Name	Labor Force	Employment	Unemployment Number	Unemployment Rate	Census Ratios	
					Emp	Unemp

each city and CDP at the time of the 2000 Census. Ratios for cities of 25,000 or more persons were developed from special tabulations based on household population only from the Bureau of Labor Statistics. For smaller cities and CDP, ratios were calculated from published census data.

City and CDP unrounded employment and unemployment are summed to get the labor force. The unemployment rate is calculated by dividing unemployment by the labor force. Then the labor force, employment, and unemployment are rounded.

This method assumes that the rates of change in employment and unemployment, since 2000, are exactly the same in each city and CDP as at the county level (i.e., that the shares are still accurate). If this assumption is not true for a specific city or CDP, then the estimates for that area may not represent the current economic conditions. Since this assumption is untested, caution should be employed when using these data.
