III. Discussion/Action Items

A. Approval of Workforce Innovation and Opportunity Act (WIOA) "Stretch" Performance Goals

Ms. Michelle O'Camb reported that over the past 15 months the Planning/Oversight Committee held hearings on establishing greater performance goals or stretch goals. The discussions included a review of historical performance, demographics, and suggestions on what we want to

apply stretch goals to, and what the benefits would be for these stretch goals, i.e., recognition or additional grant opportunities. In September, the committee requested that SETA staff prepare recommendations on stretch goals.

In December, the goals were brought forward and the committee chose to go with a 10% increase in entered employment rate for adult/dislocated worker. This will be reviewed in two years .

The board asked if there were any incentives or way to celebrate. Mr. Kim stated that there was discussion on whether or not to apply the additional funds to contracts. We want to establish a baseline and watch to see how we are faring. The partners will be informed of the goals. At this point, there has been no decision on local or board celebrations.

Moved/Booth, second/Dourgarian, to approve WIOA "stretch goals" for the WIOA Adult and Dislocated Worker formula programs, accepting Option #1 (+10% increase for both the Dislocated Worker and Adult programs) for the Median Earnings.

Roll Call Vote:

Aye: 13 (Bard, Broadway, Booth, Canevari, Dourgarian, Ferrari, Kossick, Legé, Louie, McClatchy, Nye, Parker, Smith-Dohring)

Nay: 0

Abstentions: 0

Absent: 12 (Burkhardt, Clawson, Conner, Edwards, Gordon, King, Mitchell, Morin, Onasch, Sasso, Tateishi, Wylie)

B. Review One and Only Quote Received to Provide One-Stop Operator Services Under WIOA for this Region and Approve or Reject Quote. If Approved Send to Governing Board with Request for Concurrence

Mr. Phil Cunningham stated that under the new WIOA, the Board must appoint a one stop operator. This board delegated to the Executive Committee the process to find and select a one stop operator. There was discussion of whether a formal request for proposals would be done or another type of procurement. Mr. Cunningham drafted a letter soliciting bidders and sent it to 28 providers that have a relationship with SETA; he received four responses. He went to the Executive Committee and looked at the possibility of not doing a formal RFP but do a small purchase procurement; the Executive Committee agreed. Another letter went out in November to the four organizations that expressed interest. Two of the bidders withdrew and Meristem did not respond, which left one quote from SETA. The quotation complies with all of the requirements needed.

Mr. Dourgarian asked if we are not representatives of the one stop career system, why we are voting on giving a contract to ourselves. Mr. Cunningham stated that SETA will be the contracting agency. Ms. Ferrari stated that this is part of the new act and was developed for the agencies that were one stop

operators; it was not well defined in the act so every board that is an operator is 'winging' it. Mr. Cunningham stated that a lot of boards are watching us to see how we are doing this.

Mr. Cunningham requesting that the board makes a finding of fact. The procurement regulations require that we did reach out. We contacted 28 organizations and published it in the Sacramento <u>Bee</u> to see if we could get interest. The Board finds that, after solicitation of a number of sources, competition has been deemed inadequate based on the solicitation letter and the issuance of the RFQ. While four organizations expressed interest in submitting proposals to serve as the One Stop Operator, SETA was the only organization that submitted a proposal. Consistent with Federal WIOA Regulations and the OMB Uniform Guidance (2CFR 200.320), non-competitive procurement is appropriate in such circumstances.

Mr. Kim stated that from a policy perspective, the requirement is more of a manager cording services across all of the partners. The regulations say that at a minimum we manage the partners as a 'mall manager' to best ensure the services are provided. Mr. Kim stated that SETA is also the grant administrator for some of the other funding sources, i.e., CSBG, Head Start, the Refugee program. All of these programs are not necessarily related to WIOA but will be leveraged against the other programs.

Mr. Dourgarian stated that based on recognition, we have a leading one stop system that we do not need to replace. We have to go through this exercise because of the new Act; it is not just because no one else bid, we believe in this provider.

Ms. McClatchy stated that SETA is a different legal entity than us. The organization the Board approves has its own board and own entity. We share staff with the Governing Board but it is an entirely different organization.

Dr. Nye asked how this was done in the past. Mr. Kim replied that the one stop operator role was originally under WIA and we were not required to procure. Congress made it clear nationally that they were not pleased with the performance of the career systems in some states. The quality may not have been the same across the nation.

Moved/McClatchy, second/Booth, and recommend the selection of SETA to serve as One-Stop Operator to the Governing Board for concurrence including the finding read into the record.

Roll Call Vote:

Aye: 12 (Bard, Broadway, Booth, Canevari, Dourgarian, Ferrari, Legé, Louie, McClatchy, Nye, Parker, Smith-Dohring)

Nay: 0

Abstentions: 1 (Kossick; declared a conflict and was out of the room during discussion and vote)

Absent: 12 (Burkhardt, Clawson, Conner, Edwards, Gordon, King, Mitchell, Morin, Onasch, Sasso, Tateishi, Wylie)

Moved/Canevari, second/Dourgarian, to make a supplemental finding that the selection is enhanced that the past practice of SETA makes it the most qualified entity to perform the required services.

Aye: 12 (Bard, Broadway, Booth, Canevari, Dourgarian, Ferrari, Legé, Louie, McClatchy, Nye, Parker, Smith-Dohring)

Nay: 0

Abstentions: 1 (Kossick; declared a conflict and was out of the room during discussion and vote)

Absent: 12 (Burkhardt, Clawson, Conner, Edwards, Gordon, King, Mitchell, Morin, Onasch, Sasso, Tateishi, Wylie)

C. Approval to Delegate Authority to the Sacramento Works Executive Committee to Approve the Youth Committee Recommendation to Redirect Funds Returned by Galt JUHSD for Youth Program Services in the Galt Area to Another Service Provider who can serve Galt Area Youth

Mr. Cunningham stated that Galt Joint Unified High School District was funded to provide services but they returned the money because they could not perform. The Youth Committee expressed strong interest in continuing to provide services to Galt. The Youth Committee recommends that the Executive Committee be delegated the authority to select the proposer and forward the recommendation to the Governing Board. There is approximately \$96,700 available to redistribute specifically for the Galt area. Ms. Carpenter stated that the procurement was already done and staff is in the process of evaluating proposals.

Moved/Booth, second/McClatchy, to authorize the Sacramento Works Executive Committee to take appropriate action on the Youth Committee's funding recommendation regarding the redirection of funding for the Galt Area Youth services and forward to the SETA Governing Board a request for concurrence with the final funding recommendation for redirection of these funds. Roll Call Vote:

Aye: 13 (Bard, Broadway, Booth, Canevari, Dourgarian, Ferrari, Kossick, Legé, Louie, McClatchy, Nye, Parker, Smith-Dohring)

Nay: 0

Abstentions: 0

Absent: 12 (Burkhardt, Clawson, Conner, Edwards, Gordon, King, Mitchell, Morin, Onasch, Sasso, Tateishi, Wylie)

IV. Information Items

A. Update from Strategic Planning Session

Mr. Kim stated that the event report was distributed to all board members. Ms. Ferrari stated that it was facilitated and on point. Ms. Kossick was very appreciative of the turnout. Mr. Dourgarian was really happy to see so much support in the EOC and the project to get employers to hire entry level employees. This is very timely program and something the board can focus on.

B. Fourth Quarter WIOA Performance Dashboard

Mr. Ralph Giddings stated that this is the final performance for WIA; the future reports will be for WIOA performance which is slightly different. The performance was slightly below our goal. Ms. Smith-Dohring asked why the numbers were down; was this due to fewer resources? Mr. Giddings replied that the agency shifted from the training center model to the job center model, and the economy in general; all were a part of not meeting goals. Ms. O'Camb stated that the biggest impact was the changing of our system. The 2017-2018 fiscal year should give us a better picture/baseline of how things will go forward.

C. Dislocated Worker Report:

Mr. William Walker stated that there are so many other ways that people access employment that has no affiliation with the job centers. The way people are employed has changed drastically over the past decade. A growing number of staffing agencies are being the employer of record; people working at a company may never actually work for the company but work for the staffing agency.

Mr. Walker stated that we can use the base wage information from EDD but it probably would not be a part of the WIOA system. Ms. Ferrari stated that the employees will always be in EDD's base wage system but would not be reflected in our job center system data.

D. Employer Recruitment Activity Report

Mr. Walker announced that a new solar manufacturer has opened at McClellan Park; they will be the first solar manufacturer in the nation. They actually put the panels together. This company will be hiring 240 people and work 24 hour shifts. It is expected that around May 2017 the company will be hiring production staff.

E. Unemployment Update/Press Release from the Employment Development Department

Ms. Cara Welsh reported on the December 2016 numbers which were released on January 20.

F. Committee Updates

- Youth Committee: Ms. Carpenter stated that the Youth Committee decided to issue the Galt RFP. The Committee is also looking at developing stretch goals and reviewing the strategic plan.
- Planning/Oversight Committee: Mr. Kim stated that some of the items discussed at the strategic planning session will be coming forward. The committee will also work on the resource allocation plan for the new fiscal year.
- Employer Outreach Committee: Ms. Carpenter reported that the EOC is working on the "Build Your Own Workforce" pilot. It is expected that more information will be available in March including the array of services provided to the employers. The idea is to teach and empower employers to get their own pipeline of employees and how to use interest assessments when hiring an employee. The development of a mentorship program to empower the supervisor to get the new person up to speed is also in the works. This is a model to test and show employers they can recruit and train their new people; employers do not have to hire someone already trained.
- ✓ Board Development Committee: Ms. Kossick stated that at some point we may want to repopulate that committee.

V. Other Reports

- 1. Chair: None.
- 2. Members of the Board: None.
- 3. Counsel: None.
- 4. Public Participation: None.
- **VI. Adjournment**: The meeting was adjourned at 9:24 a.m.

ITEM III-A - ACTION

RATIFICATION OF THE SUBMISSION OF THE CAPITAL REGION'S STRATEGIC
WORKFORCE DEVELOPMENT PLAN AND THE SACRAMENTO AREA'S
STRATEGIC WORKFORCE DEVELOPMENT PLAN, PROGRAM YEARS 2017-2020,
TO THE CALIFORNIA WORKFORCE DEVELOPMENT BOARD, AND AUTHORIZE
SETA'S EXECUTIVE DIRECTOR TO MAKE REVISIONS REQUIRED BY THE STATE

BACKGROUND:

In July of 2014, Congress passed the Workforce Innovation and Opportunity Act (WIOA). The WIOA requires local workforce areas and regional workforce areas, known as regional planning units (RPUs), to submit comprehensive regional and local strategic workforce development plans to State workforce boards. In September 2016, the California Workforce Development Board (CWDB) issued policy guidance establishing the procedures for Local Workforce Development Boards (LWDBs) and RPUs to follow in the preparation and submission of their regional and local plans required by the WIOA. The Capital Region's RPU consists of four workforce development areas - Golden Sierra Job Training Agency (GSJTA), North Central Counties Consortium (NCCC), Sacramento Employment and Training Agency (SETA), and Yolo County representing nine counties - Alpine, Colusa, El Dorado, Glenn, Placer, Sacramento, Sutter, Yolo, and Yuba.

The regional and local plans sent under separate cover, Capital Region's Strategic Workforce Development Plan, and the Sacramento Area's Strategic Workforce Development Plan, Program Years (PYs) 2017-2020, were prepared following the CWDB's Unified Strategic Workforce Development Plan. The state's Unified Plan, served as the conceptual map for LWDBs and their partners, and is the controlling state policy document for regional and local workforce plans. Both plans outline strategies that assist adults and youth with barriers to gain access to employment opportunities through career pathways within critical industry sectors identified within the region. The ultimate goal of the strategies is to support economic prosperity and income mobility. This will be accomplished through aligning the regional and local plan objectives with sector strategies that enhance WIOA outcomes and support and align with the CWDB's Unified Plan goals. These goals include producing a million "middle skill" industry-valued credentials, while doubling the number of apprenticeships over the next 10 years.

The regional and local plans developed by the Sacramento Works, Inc. (SWI), Sacramento's LWDB and the Capital Region RPU ensure that the local board, the RPU and partners will assist the CWDB in meeting its planned goals by adopting the state's policy framework, which includes the following:

Three policy objectives:

Demand Driven Skills Attainment

<u>ITEM III-A – ACTION</u> (continued)

Page 2

- 2. Enabling upward mobility, and
- 3. Aligning, coordinating and integrating programs and services

Seven strategies:

- 1. Sector strategies
- 2. Career pathways
- 3. Organizing regionally
- 4. Earn and learn models
- 5. Supportive services
- 6. Building cross-system data capacity, and
- 7. Integrating services and braiding resources

Copies of the full plans, including attachments and exhibits to the plans, can be found on-line at www.seta.net under the Public Notices tab. As stated previously, the documents have been prepared in compliance with the state's policy guidance, as well as evaluation criteria for regional and local plan certification by the CWDB. The draft plans were posted on the SETA website on January 17, 2017. The links to both the local and regional plans were sent out to over 400 partners, stakeholders and interested parties for comment. Additionally, a public notice was published in the Sacramento Bee. No comments were received during the public comment period.

Staff is seeking the ratification of the draft plans submitted to the California Workforce Development Board by the submission deadline of March 15, 2017, as set forth in the state's policy guidance. Over the next few months, the state will work with the SWI and the RPU to address plan deficiencies, if any, identified prior to "final" plan submissions on August 1, 2017. Therefore, staff is further seeking approval to allow SETA's Executive Director to make revisions to the regional and/or local plan that may be required by the state prior to "final" plan submission.

RECOMMENDATION

Ratify the submission of the Capital Region's Strategic Workforce Development Plan, and the Sacramento Area's Strategic Workforce Development Plan, Program Years (PY) 2017-2020, to the California Workforce Development Board, and authorize SETA's Executive Director to make revisions required by the state prior to "final" plan submission. The draft plans were approved by the SETA Governing Board at its meeting on March 2, 2017, and it is anticipated that the plans will be approved by the Planning/ Oversight Committee at its meeting scheduled on March 15, 2017.

ITEM III-B - ACTION

APPROVAL TO DECLARE A SACRAMENTO WORKS BOARD SEAT VACANT AND DIRECT THE SETA EXECUTIVE DIRECTOR TO WORK WITH THE SETA GOVERNING BOARD TO FILL THE VACANCY

BACKGROUND:

Mr. Larry Burkhardt was appointed to the Sacramento Works Board on March 3, 2016 for an initial two year term. He was appointed to fill the Economic Development seat. Mr. Burkhardt resigned from his position as the Director of Economic Development with the City of Sacramento on February 6, 2017, as reported in the Sacramento Bee on February 7, 2017. As near as can be determined he is no longer employed in Sacramento County nor is he currently a resident of Sacramento County. Therefore he is no longer eligible to serve on the Sacramento Works Board.

SETA staff has attempted to contact Mr. Burkhardt by letter, e-mail and phone without success. Based on the facts publicly available, legal counsel is recommending that your board declare this seat vacant pursuant to your bylaws. Section 3.08 provides as follows:

Section 3.08. Vacancies.

- (a) Vacancies on the Board. Vacancies on the Board of Directors shall exist:
- (1) On the death, resignation or removal of any Director:
- (2) When the number of Directors authorized by these Bylaws has been duly increased;
- (3) In the case of initial appointments to the Board or in the event of a duly authorized increase in the size of the Board, on the failure of the Governing Board to appoint the full number of Directors authorized;
- (4) On failure of any Director to file an annual Statement of Economic Interest each year in accord with the provisions of the "Conflict of Interest Code" for the Sacramento Employment and Training or its successor;
- (5) On the failure of any Director to maintain either residency or employment in Sacramento County.
- **(6)** On the resignation of a Director who has missed three consecutive regular meetings of the Board of Directors.

Section 3.02 (b) of the bylaws contains the authority for declaring a vacancy on the WDB board where a member fails to maintain qualifying residency or employment. Given the need to have a fully representative board in place and the reasonable conclusion that Mr. Burkhardt is no longer qualified to serve on the board, legal counsel recommends that the Sacramento Works Board make a finding that Mr. Burkhardt is no longer eligible to serve on the Board, thank him for his service to date, and declare his

seat vacant under 3.08 (a) (5) as of the date of today's meeting and direct the SETA Executive Director to advise the Governing Board of this vacancy and request them to appoint someone to fill this vacancy for the remainder of Mr. Burkhardt's unexpired term as soon as possible.

RECOMMENDATION:

Make a finding that Mr. Burkhardt is no longer eligible to serve on the Sacramento Works Board, declare his seat vacant, and direct the SETA Executive Director to work with the SETA Governing Board to fill the vacancy.

CDP is "Census Designated Place" - a recognized community that was unincorporated at the time of the 2009-2013 5-Year American Community Survey (ACS).

Notes:

- 1) Data may not add due to rounding. All unemployment rates shown are calculated on unrounded data.
- 2) These data are not seasonally adjusted.

Methodology:

Monthly city labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each city at the time of the 2009-2013 American Community Survey. Ratios for cities were developed from special tabulations based on ACS employment, unemployment, and population and Census population from the Bureau of Labor Statistics. For smaller cities and CDPs, ratios were calculated from published census data.

Monthly CDP's labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each CDP at the time of the 2009-2013 ACS survey. Ratios for CDPs' were developed from special tabulations based on ACS employment and unemployment from the Bureau of Labor Statistics.

This method assumes that the rates of change in employment and unemployment since the 2009-2013 American Community Survey are exactly the same in each city and CDP as at the county level (i.e., that the shares are still accurate). If this assumption is not true for a specific city or CDP, then the estimates for that area may not represent the current economic conditions. Since this assumption is untested, caution should be employed when using these data.

CDP is "Census Designated Place" - a recognized community that was unincorporated at the time of the 2009-2013 5-Year American Community Survey (ACS).

Notes:

- 1) Data may not add due to rounding. All unemployment rates shown are calculated on unrounded data.
- 2) These data are not seasonally adjusted.

Methodology:

Monthly city labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each city at the time of the 2009-2013 American Community Survey. Ratios for cities were developed from special tabulations based on ACS employment, unemployment, and population and Census population from the Bureau of Labor Statistics. For smaller cities and CDPs, ratios

Monthly CDP's labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each CDP at the time of the 2009-2013 ACS survey. Ratios for CDPs' were developed from special tabulations based on ACS employment and unemployment from the Bureau of Labor Statistics.

This method assumes that the rates of change in employment and unemployment since the 2009-2013 American Community Survey are exactly the same in each city and CDP as at the county level (i.e., that the shares are still accurate). If this assumption is not true for a specific city or CDP, then the estimates for that area may not represent the current economic conditions. Since this assumption is untested, caution should be employed when using these data.

Next Steps

We took time at the end to briefly discuss where we go from here.

- Event documentation into a report completed and submitted to Nancy Jan 20th
- Nancy to review and submit to Board for feedback by Tuesday Jan 24th
- > Board to review draft report and submit corrections, clarifications and additions to Nancy by Jan 31st
- While reviewing, if individual Board members have "aha's" about new ideas to include they will 1) submit to Nancy for inclusion and 2) add to the agenda of their next committee meeting for discussion.
- In answer to the question of whether or not to revisit the overall goals and Strategic Plan product it was decided:
