#### IV. <u>Information Items</u>

A. Update on Strategic Planning Review Goals from January 20 Workshop

Staff reviewed the various goals from the January 20 planning workshop. The committees are also working to assess their goals.

B. Update on Mayor Steinberg's Thousand Strong Initiative

Ms. Terri Carpenter reported that so far, 380 youth have gone through work skills training and 120 have been placed with employers. The age range is 16-17 years of age. This program also assists youth aged 18-22; they have fewer challenges since work permits are not needed and they generally have transportation.

Mr. Wylie stated that his company was interested in participating but they ran into a legal snag because of liability issues.

Mr. Legé inquired about what type of jobs the youth were doing. Ms. Carpenter stated that one participant is testing video games, Kaiser has youth and SMUD expanded their summer interns to year round for their participants.

Dr. Nye asked that since this is a two-year model that a new cohort would be selected in the second year. Ms. Carpenter replied yes but the first group of participants still need to be placed.

Dr. Nye suggested that perhaps the requirements are too large and asked if it were possible to reevaluate and decrease the number of hours. Also, there needs to be a model for undocumented students

Mr. Wylie stated that the program is flexible because Villara was going to have participants with less hours.

- C. Update on SlingShot Project: No questions
- D. Update on Status of Grants: No questions
- E. Dislocated Worker Report: Mr. William Walker reviewed the dislocated worker report.
- F. Employer Recruitment Activity Report

Mr. William Walker stated that SETA is working on the Amazon recruitment but transportation is an issue. He checked with the county and a light rail line will be built. Mr. Givans confirmed that a light rail line will be built. All employers in the business park are required to have some type of program for employee transportation, i.e., ride share.

G. Unemployment Update/Press Release from the Employment Development Department

Mr. Roy Kim reviewed the most recent EDD/LMI report.

#### H. Committee Updates

- ✓ Youth Committee: Ms. Terri Carpenter stated that Brian Broadway has left the Youth Committee and asked if any board member would be interested in heading the Youth Committee
- Planning/Oversight Committee: Mr. Kim acknowledged the new committee chair, Dr. Jamey Nye. The committee will do a self-assessment of the comprehensive Job Center and the State will evaluate the assessment. Board members are invited to join the committee.
- Employer Outreach Committee: Mr. Wylie stated that the committee has been working on the Build Your Own Workforce (BYOW) program. This program teaches employers how to hire and develop entry level employees. Some training has been done but it was not transferrable. The next trainings are 7/27/17 and 8/3/17.
- Board Development Committee: No report.

#### V. Other Reports

1. Chair: No report.

- 2. Members of the Board: Ms. Kossick stated that she is chair of the Ad Hoc Nominating Committee which is tasked with developing a list of potential officer candidates. Ms. Kossick asked for other members to serve on this committee. Dr. Nye and Ms. Elizabeth McClatchy offered to assist.
  - Dr. Nye thanked SETA for their help and acknowledged that SETA is a strong partner to have as they began a new phase in helping their students become employed.
  - Dr. Nye stated that Los Rios appreciates SETA's help in getting the students placed in employment.
- 3. Counsel: No comments.
- 4. Public Participation-No comments
- **VI.** Adjournment: The meeting was adjourned at 9:01 a.m.

#### <u>ITEM II-B - CONSENT</u>

### <u>APPOINTMENT OF BOARD MEMBERS TO THE</u> SACRAMENTO WORKS YOUTH COMMITTEE

#### BACKGROUND

Section 5.01 (d) of the Bylaws of the Sacramento Works Inc. requires that members of the Youth Committee must be appointed by the Board with the advice and consent of the SETA Governing Board. Sacramento Works Board members Mr. Peter Tateishi and Mr. David DeMers have indicated an interest in serving on the Youth Committee.

#### **RECOMMENDATION:**

Take action to appoint Mr. Peter Tateishi and Mr. David DeMers to the Sacramento Works Youth Committee, and forward the appointments to the SETA Governing Board for approval.

PRESENTER: Roy Kim

#### ITEM III-A - ACTION

#### **ELECTION OF OFFICERS**

#### **BACKGROUND:**

Article IV of the Bylaws of Sacramento Works, Inc. defines the officers of the corporation and the duties of each officer of the corporation. The bylaws state that the Chairperson of the Board is limited to four (4) successive terms. The last election of officers occurred September 24, 2014. Current Chair Lynn Conner has appointed a Nominating Committee to recommend a slate of officers to the full Board.

The Nominating Committee (Liz McClatchy, Kathy Kossick, and Dr. Jamey Nye) will be providing recommendations for the following positions:

- Chairperson
- Vice-Chairperson
- Secretary-Treasurer

#### **RECOMMENDATION:**

Review the recommendations of the Nominating Committee and take appropriate action.

PRESENTER: Kathy Kossick

#### ITEM III-B – ACTION

APPROVAL TO TRANSFER WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA) DISLOCATED WORKER FUNDS TO ADULT FUNDS, PROGRAM YEAR (PY) 2017-18, AND AUTHORIZE STAFF TO SUBMIT A REQUEST TO THE STATE OF CALIFORNIA, EMPLOYMENT DEVELOPMENT DEPARTMENT

#### **BACKGROUND:**

This item addresses the transfer of Workforce Innovation and Opportunity Act (WIOA) Dislocated Workers funds to Adult funds for Program Year (PY) 2017-18. WIOA, signed into law July 22, 2014, allows Local Workforce Development Boards (LWDBs), with approval from the Governor, to transfer up to and including 100 percent of the funds allocated for Adult and Dislocated Worker programs in order to maximize customer service and provide local boards with greater flexibility to respond to changes in their local labor markets and the demonstrated needs of each unique population. WIOA funds transfer limitations can be found in WIOA, Section 133(b)(4).

Each year, approximately 30 percent of eligible dislocated workers are served under SETA's adult funding stream. By alleviating SETA staff of the labor-intensive eligibility, data collection, accounting and reporting procedures required when serving customers under the dislocated worker funding stream, more effort can be focused on training and job development services.

Consistent with the State of California, Employment Development Department's (EDD) Workforce Services Directive WSD15-23, Transfer of Funds – Adult/Dislocated Worker Programs, issued on March 29, 2016, staff is recommending that the Board authorize the transfer of up to 75 percent of SETA's total WIOA dislocated worker formula allocation to the adult program for PY 2017-18.

The amount of dislocated worker funds to be transferred to the adult allocation for PY 2017-18 will be up to \$2,427,056. Before effecting the transfer, SETA will obtain written approval from EDD, Workforce Services Division, which has been delegated authority to act on behalf of the Governor.

#### RECOMMENDATION:

Approve the transfer of up to \$2,427,056 in WIOA dislocated worker formula funds to the WIOA adult formula funding stream for PY 2017-18, and authorize staff to submit a request to the State of California, EDD.

PRESENTER: Roy Kim

#### ITEM III- C - DISCUSSION

## WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA), REGIONAL PLANNING GOALS AND REGIONAL ORGANIZING PRIORITIES

#### **BACKGROUND:**

On March 22, 2017, the Local Workforce Development Board, Sacramento Works, Inc. (SWI), approved the Draft Capital Region Workforce Development Plan for Program Years 2017-2020. The Draft Plan was conditionally approved by the California Workforce Development Board (CWDB), with some additional information/clarification being required prior to final approval. On July 31, 2017, staff submitted the Final Plan to the CWDB. The CWDB approved the final Regional plan on August 24, 2017.

In April 2017, the CWDB allocated funds to each region to select a Regional Organizer that would work with CWDB staff to identify and implement regional plan priority goals and other activities. As a result, the following three regional plan priority goals have been identified for the Capital Region:

- 1) Alignment of partners (WIOA, Strong Workforce, Align Capital Region, Adult Education) to ensure alignment of resources and building on the strengths of the partners to build a regional workforce system.
- 2) Ensure business leadership in priority sector initiatives (healthcare, construction, agriculture, etc.) by focusing on employer engagement and leadership.
- 3) Identifying and implementing administrative efficiencies and system alignment.

In mid-September, the CWDB intends to release a Request for Applications for a second round of Regional Organizing funds that will increase its level of support for regional planning and organizing from \$2.4 million to \$7 million statewide. Local boards are expected to coordinate with Regional Organizers to develop an application with strategies and actions that help implement the regional plan priority goals. The deadline for the application will be October 25, 2017.

Staff has met with the Capital Region's Workforce Development Board Directors and key regional staff to develop a list of proposed strategies and actions in response to the RFA. Attached is the list of proposed strategies and actions, and staff is seeking additional input or feedback on the proposed list or other strategies and actions that can be included in the application to the CWDB.

Attached is a copy of a press release from the Employment Development Department breaking down the job losses and job creations for the regional area.

Staff will be available to answer questions.

### SACRAMENTO—ROSEVILLE—ARDEN-ARCADE METROPOLITAN STATISTICAL AREA (MSA)

(EL DORADO, PLACER, SACRAMENTO, AND YOLO COUNTIES)

<u>Greater Sacramento area gained 2,500 jobs over the month; 16,100 over the year</u>

The unemployment rate in the Sacramento--Roseville--Arden-Arcade MSA was 5.2 percent in August 2017, up from a revised 5.1 percent in July 2017, and below the year-ago estimate of 5.3 percent. This compares with an unadjusted unemployment rate of 5.4 percent for California and 4.5 percent for the nation during the same period. The unemployment rate was 4.8 percent in El Dorado County, 4.5 percent in Placer County, 5.4 percent in Sacramento County, and 5.2 percent in Yolo County.

**Between July 2017 and August 2017**, combined employment in the counties of El Dorado, Placer, Sacramento, and Yolo increased by 2,500 to total 980,400 jobs.

- Government (up 1,700 jobs) led the region with a normal seasonal job gain from July to August as schools return from summer recess. Local government accounted for 76.5 percent of the job additions, picking up 1,300 jobs. State government added 600 jobs. These gains offset a slight loss in federal government, which was down 200 jobs.
- Trade, transportation, and utilities advanced by 1,100 jobs. Retail trade and transportation, warehousing, and utilities each reported a 500-job increase. Wholesale trade added 100 jobs.
- Manufacturing gained 900 jobs over the month. Non-durable goods (up 700 jobs) was responsible for a majority of the increase. Durable goods expanded by 200 jobs.
- Meanwhile, professional and business services declined by 1,000 jobs, in contrast to its average 700-job gain from July to August over the prior 10 years.

**Between August 2016 and August 2017**, total jobs in the region increased by 16,100, or 1.7 percent.

- Educational and health services (up 6,600 jobs) continued to lead year-over growth for the eleventh consecutive month. Health care and social assistance led the expansion with 6,700 jobs. This gain offset a slight loss in education services, which dipped by 100 jobs.
- Leisure and hospitality gained 5,200 jobs from last August. Accommodation and food services (up 5,200 jobs) was solely responsible for the growth.
- Professional and business services added 2,300 jobs. Administrative and support and waste services grew by 1,500 jobs. Professional, scientific, and technical services gained 1,300 jobs. These gains offset a loss in management of companies, which experienced a decline of 500 jobs.
- Five major industries experienced job reductions from last August, led by construction (down 1,500 jobs), manufacturing (down 800 jobs), other services (down 600 jobs), information (down 500 jobs), and mining and logging (down 100 jobs).

#### Notes:

- 1) Data may not add due to rounding. All unemployment rates shown are calculated on unrounded data.
- 2) These data are not seasonally adjusted.

#### Methodology:

Monthly city labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each city at the time of the 2009-2013 American Community Survey. Ratios for cities were developed from special tabulations based on ACS employment, unemployment, and population and Census population from the Bureau of Labor Statistics. For smaller cities and CDPs, ratios

#### **Data Not Seasonally Adjusted**

Labor Employ- Unemployment Census Ratios

Area Name Force ment Number Rate Emp Unemp

were calculated from published census data.

Monthly CDP's labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each CDP at the time of the 2011-2015 ACS survey. Ratios for CDPs' were developed from special tabulations based on ACS employment and unemployment from the Bureau of Labor Statistics.

This method assumes that the rates of change in employment and unemployment since the 2009-2013/2011-2015 American Community Survey are exactly the same in each city and CDP as at county level (i.e., that the shares are still accurate). If this assumption is not true for a specific city or CDP, then the estimates for that area may not represent the current economic conditions. Since this assumption is untested, caution should be employed when using these data.

#### Notes:

- 1) Data may not add due to rounding. All unemployment rates shown are calculated on unrounded data.
- 2) These data are not seasonally adjusted.

#### Methodology:

Monthly city labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each city at the time of the 2009-2013 American Community Survey. Ratios for cities were developed from special tabulations based on ACS employment, unemployment, and population and Census population from the Bureau of Labor Statistics. For smaller cities and CDPs, ratios were calculated from published census data.

Monthly CDP's labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each CDP at the time of the 2011-2015 ACS survey. Ratios for CDPs' were developed from special tabulations based on ACS employment and unemployment from the Bureau of Labor Statistics.

This method assumes that the rates of change in employment and unemployment since the 2009-2013/2011-2015 American Community Survey are exactly the same in each city and CDP as at county level (i.e., that the shares are still accurate). If this assumption is not true for a specific city or CDP, then the estimates for that area may not represent the current economic conditions. Since this assumption is untested, caution should be employed when using these data.
