III. Discussion/Action Items

A. Discussion on the Role of the Sacramento Works Board

Mr. King reported that he and Mr. Wylie returned from the NAWB conference where both attended board engagement meetings. San Diego got the Trail Blazer award. There were three key areas:

- 1) oversight and ensuring appropriate use of funds.
- 2) convening, taking a role to help collaboration between partners, and identifying common strategies.
- 3) strategic role, using strategic ways to look at new ways for the workforce board to conduct business.

It is important to have interesting board meetings including an interesting topic or speaker and minimizing stamping approval on board items. There was talk about using the 501c3 status to generate funds. There was discussion about how words matter and using the appropriate terminology in meetings; make it more private sector aligned. This item is a conversation of how we want to spend our time in meetings. We want to generate ideas of topics that are relevant to this region and then schedule them for future meetings. Mr. King suggested that the board agendaize compliance and related matters as consent items to allow for additional discussion of board strategies and initiatives.

Mr. King opened the floor for ideas.

Ms. Gusman stated that she has a 501c6 organization and a for-profit organization. Her board meets quarterly for four hours at a time; she likes it when board members like their meeting. It is her job to bring the topics to the board for discussion. Her responsibility is to notify the board of what her struggles are. Ms. Gusman suggested that Ms. Kossick bring items from staff to the board who will then provide strategies. Since staff is doing the work, the board has to make sure the topics are applicable to the job centers.

Ms. Ferrari stated that staff is looking for input from private industry and from the employers on the board to tell staff (and the community organizations) where we are missing areas of focus. In addition to what comes specifically from the agency, we really need employer input and that is supposed to drive the WIOA. This is an employer driven organization.

Ms. Kossick stated that staff can bring things forward but it is important to get the board's ideas of focus of where we should be. Mr. King agreed that it is a good idea for staff to bring ideas forward for board discussion.

Mr. Cunningham stated that the legislative intent for the WIOA is that it is employer driven, education driven, and serves the disability community. Private sector comment and input is crucial.

Ms. Ferrari stated that another big push is a focus on regionalism. We all must think regionally between the boards and the counties.

Dr. Nye stated that Planning/Oversight Committee is looking at a more regional approach which is a shift from 2007. Also, we need more action verbs for the board strategic plan. There are some actions that are clearly a staff function. One piece to explore is looking at the plan, being more responsible as a committee and looking for indicators for achievement. The resource allocation plan is a staff function with board oversight.

Mr. Gordon reported that the Youth Committee recently met and talked about priorities of 16-24 in-school youth and out-of-school youth. The Committee will be coming up with new goals at the next meeting. The Committee also reviewed the performance of the current subgrantees against their grant allocations. Attendees looked at the special initiatives: foster youth and the Thousand Strong Initiative. The Committee is concerned whether we are providing adequate service throughout the county and need to fill blank spots in the county where it is difficult to get services. 2) How do we enhance the youth voice and get more input from the youth clients? What more can we do to engage the young people? What is changing in technology in order to prepare instead of react to things?

Ms. Gusman stated that we could stand to take some notes of best practices of other workforce investment boards. She's aware that San Diego and San Bernardino have very successful employer hotlines. The Employer Outreach Committee has some work to do to bring new employers in each month. Every month there is a report to the board regarding the new employers brought into the system.

Mr. Wylie thanked Ms. Kossick and the other board members for allowing him to go to NAWB. It was an opportunity to see other boards and learn that our board is ahead of some things; he got a lot of input from other boards. We are all suffering scars from the recession. We need to be employer focused as our number one customer. There are some regions that are under employed and working to move people into better jobs. Most boards are participating in fund raising and he encouraged the Sacramento Works Board to consider that. Mr. Wylie learned that two-thirds of businesses are using Cause Marketing as their community support. We are doing good social work and we can pursue funding to help support this great cause. It is time to consider putting effort toward that. The Employer Outreach Committee meets after the board meeting and urged all board members to consider attending. We need to better connect with employer groups and it will bring synergy.

Mr. Booth stated that this is a unique group because it has business and all kinds of industries. In his firm, those that continue to educate themselves and increase their skills are more successful.

Mr. Louie stated that in corporate America, it was about scaling down. He is now focused on small business and growth; this is where California will prosper. There is an opportunity for us to be more engaged with community based organizations. There are some alignments that we may not know about. We have all kinds of programs to help small businesses and when they thrive, we are the feeders of the small businesses. Once you have developed a strong mission, then go out to find foundations that support those organizations. There are many foundations that could potentially provide funding.

Mr. King stated that he heard three topics which he proposes to discuss at future meetings.

1. Regionalism-- take a regional approach and perspective and look to where we can partner.
2. Identify critical industries and occupations.
3. What kind of information do we have in our region?

IV. Information Items

- A. Creation of Sacramento Valley Manufacturing Initiative: Mr. Roy Kim reported that there was an article in the Sacramento **Job Journal** about this initiative; they are trying to replicate a group established in NORTEC. Valley Vision is hosting them under their organization. They secured some financial support from the California Manufacturing Technology Consulting, a statewide organization helping to foster manufacturing partnerships. Mr. Kim will be asking this group to provide a presentation. Mr. Booth stated that Congressman Garamendi has a group of businesses that he meets with quarterly; he has been really active in that group. Mr. Booth suggested that we make Congressman Garamendi aware of it and maybe there is some federal help he could provide. Mr. Kim stated that this is a regional group.
- B. Dislocated Worker Report: No additional report.
- C. Employer Recruitment Activity Report: No additional report.
- D. Unemployment Update/Press Release from the Employment Development Department: No additional report.
- E. Committee Updates
 - ✓ Youth Committee: Mr. Gordon asked the board to consider having a youth representative on the board itself. It is a large part of our constituency. An advanced high school student would have a great deal to offer.
 - ✓ Planning/Oversight Committee: When we did the certification of the one stop in January, a survey of customers was implemented. The results were distributed. Mr. Kim stated that the information is provided for the

different job centers and he expects the numbers to pick up as we go forward.

- ✓ Employer Outreach Committee: This committee will be meeting immediately after the board meeting.
- ✓ Board Development Committee: Ms. Lisa Clawson reported that we reached out to Siemens to see if they have a person for the board. Mr. Tateishi is working on a person for construction. There is a need to fill two private sector slots. Ms. Gusman stated that associations are huge in Sacramento. Ms. Gusman suggested contacting Kim Tucker who runs the Foundry which is a group of organizations.

V. Other Reports

- A. Chair: Mr. King provided highlights from the NAWB. There was a lot of discussion about employment trends and that the emphasis is now on nimbleness of skills. There was also a lot of discussion about mentoring. We need to move from looking at diversity as a compliance issue to the thought that it improves business. Move from a concept of equality to a conception of equity.

Mr. Wylie stated that it was an amazing group and it was exciting to hear ways of helping people in low end jobs. Ms. Carpenter suggested we consider recruiting people by skills, not by the job requirements. Ms. Carpenter stated that by 2027, 50% of workers will engage in free-lance work. Our current job seekers do not know how to market themselves for those types of jobs.

2. Members of the Board: Ms. Kossick stated that she received notification that Ms. Elizabeth McClatchy will be retiring in June. She will be at our May meeting.
3. Counsel: Mr. Cunningham reminded board members to complete their annual conflict of interest statement.
4. Public Participation: Mr. Kim reported that there' is a modest 3% increase in WIOA funding with the passage of the Omnibus Act. Ms. Ferrari reported that EDD got a 5% decrease; she is not sure how it will affect staffing and programs.

- VI. Adjournment:** The meeting was adjourned at 9:41 a.m.

ITEM II-B – CONSENT

APPROVAL TO SUBMIT WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA), SELF-ASSESSMENT REPORTS TO THE CALIFORNIA WORKFORCE DEVELOPMENT BOARD FOR CERTIFICATION OF NON-COMPREHENSIVE AMERICA'S JOB CENTERS

BACKGROUND:

On June 9, 2017, the California Workforce Development Board (CWDB) and the Employment Development Department (EDD), acting under the authority of the Governor, released Workforce Services Directive WSD16-20, which provided guidance and established procedures regarding the certification of comprehensive America's Job Center of California (AJCC) locations. The Directive was intended to implement the key WIOA requirements for AJCC certification: 1) effectiveness of the AJCC, 2) physical and programmatic accessibility for individuals with disabilities, and 3) continuous improvement.

The Directive describes two levels of AJCC certification: "Baseline" and "Hallmarks of Excellence". The "Baseline" criteria ensure that the AJCC complies with the key WIOA statutory and regulatory requirements. The "Hallmarks of Excellence" criteria were developed based on the State Plan and the AJCC Certification Workgroup's vision for the State's One-Stop delivery system. Its criteria are specific to comprehensive AJCCs and are intended to encourage continuous improvement by identifying areas where comprehensive AJCCs exceed quality expectations, as well as areas where improvements may be needed.

Under the Directive, the initial AJCC certification process was required only for comprehensive AJCCs. Subsequently, the CWDB released additional guidance requiring that Local Boards certify other non-comprehensive AJCCs. In follow-up communications, CWDB staff clarified that the "Hallmarks of Excellence" criteria were specifically designed for comprehensive AJCCs and that the "Baseline" criteria would satisfy the certification requirements for non-comprehensive AJCCs.

Where Local Boards also function as the One-Stop Operator, the CWDB must certify the AJCC(s). Under this process, Local Boards must conduct an initial self-assessment and submit the results to the CWDB, whereupon the CWDB will make an official decision on the certification status of each AJCC by June 30, 2018.

Attached for review and approval are "Baseline" criteria self-assessment reports for all non-comprehensive AJCCs. Staff will be available to answer questions.

The Sacramento Works Planning/Oversight Committee has reviewed this item. A report out will be provided by a member of the committee.

ITEM II-C - CONSENT

APPROVAL OF THE WORKFORCE INNOVATION AND OPPORTUNITY
ACT (WIOA), SACRAMENTO WORKS, INC., RESOURCE ALLOCATION
PLAN FOR 2018-2019

BACKGROUND:

The Resource Allocation Plan (RAP) establishes how the funding, allocated to Sacramento County through the Workforce Innovation and Opportunity Act (WIOA), Adult and Dislocated Worker programs, will support services, activities and functions within the Sacramento Works America's Job Center System (SWAJC). Funds that are allocated provide activities and services that assist unemployed and underemployed individuals gain the skills necessary to enter high demand careers in the region and offer employers the services they need to hire qualified candidates. On an annual basis, Sacramento Works, Inc. (SWI) reviews the RAP and approves the percentage of funds that will be allocated to each activity for the next fiscal year.

The allocation for Program Year (PY) 2018-2019 for the WIOA Adult and Dislocated Worker programs is estimated to be \$6,624,154, representing a 1.5 percent decrease (\$100,043) from PY2017-2018 funding levels. If final allocations are different from projections, then the RAP allocations will be adjusted proportionately.

Over the past year, the SWAJCs have continued to transition from the former bifurcated system of Job Centers and Training Centers to the current system of neighborhood-based Job Centers that provide access to the full menu of career and training services. In addition, the SWAJCs have continued to implement the WIOA reporting and other requirements.

For 2018-19, staff is recommending the continuation of the following RAP categories and percentages:

61.4%	Job Center Career Services
24.8%	Training Services
6.7%	Job Center Support
5.6%	Administration
<u>1.5%</u>	<u>Board Initiatives</u>
100%	Total

The proposed RAP chart and definitions are attached for your review. The Sacramento Works Planning/Oversight Committee has reviewed this item. A report out will be provided by a member of the committee.

RECOMMENDATION:

Approve the Resource Allocation Plan for 2018-19, and forward to the full Sacramento Works Board for approval.

ITEM III-A - ACTION

APPROVAL OF FUNDING RECOMMENDATIONS FOR THE WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA), TITLE I, YOUTH PROGRAM, FOR PROGRAM YEAR 2018-2019

BACKGROUND:

In 2016, SETA executed a four-year procurement to secure WIOA Program Operators to provide In-School Youth and Out-of-School Youth services. All subgrants were awarded for a twelve-month period beginning July 1, 2016 and ending on June 30, 2017 and in May, 2017 were extended for an additional year for services beginning July 1, 2017 and ending June 30, 2018. SETA/Sacramento Works has the option to extend any subgrant awarded for up to two additional one-year terms.

The Sacramento WIOA youth funds are allocated in two categories: Individualized Services for In-School Youth and Individualized Services for Out-of-School Youth.

Individualized Services:

The Workforce Innovation and Opportunity Act identified specific program elements to be incorporated into the delivery of youth services.

1. Secondary School Completion Services
2. Alternative Secondary School Services
3. Paid or unpaid work experience that have academic and occupation education as a component of the work experience
4. Occupational Skills Training that lead to recognized post-secondary credentials that align with in-demand industry occupations
5. Education offered concurrently with and in the same context as workforce activities and training for a specific occupation
6. Leadership development opportunities, including community service and peer-centered activities encouraging responsibility and other positive and civic behaviors
7. Supportive Services
8. Adult Mentoring
9. Comprehensive Guidance and Counseling
10. Follow-up Services for not less than 12 months after program completion
11. Financial literacy education
12. Entrepreneurial skills training
13. Career awareness, career counseling and career exploration services about in-demand industry sectors/occupations
14. Activities that help youth prepare for and transition to post-secondary education and training.

The WIOA Youth Program requires that these elements be part of a comprehensive and community-focused program design providing an age continuum of services to the target population. Program services will address the barriers of the targeted youth and prepare them to obtain employment in a high wage/high growth industry or in an occupation with future career advancement opportunity, enter an education or training program, attain a degree/certificate, achieve measureable skill gains or return to/remain in secondary/alternative secondary school.

Funding Recommendations

SETA is recommending the extension of subgrant awards from July 1, 2018 through June 30, 2019 based on the following criteria:

Performance Criteria

Demonstrated ability to attain WIOA Common Measures, enrollment, training completion and placement goals as outlined below:

Program Enrollment Numbers:

Defined as the number of participants to be served in the program year including enrollment of target groups.

Placement in Employment or Education:

Defined as employment, military service, enrolled in post-secondary education and/or advanced training or occupational skills training.

Attainment of 20% WEX Expenditures for Paid or Unpaid Work Experience

Defined as employment opportunities such as work experiences during the summer and throughout the school year; pre-apprenticeship programs; internships and job shadowing; and on the job training.

Delivery of the Four Required Program Activities (Out-of-School Youth):

Defined as:

1. *Alternative School Completion: All out-of-school youth that do not have a GED or high school diploma must enroll in services to attain either a GED or high school diploma.*
2. *Work Experience: Paid or unpaid work experience that have academic and occupation education as a component of the work experience, which may include:*
 - *Summer employment opportunities and other employment opportunities available throughout the school year*
 - *Pre-apprenticeship programs*
 - *Internships and job shadowing*
 - *On-the-job training opportunities*
3. *Leadership development opportunities, including community service and peer-*

centered activities (Activities can include: Community and Service Learning projects, participating on community boards or committees, training in decision making and determining priorities.)

4. *Follow-up services*

Delivery of the Four Required Program Activities (In-School Youth)

Defined as:

1. *Secondary School Completion Services*
2. *Work Experience: Paid or unpaid work experience that have academic and occupation education as a component of the work experience, which may include:*
 - *Summer employment opportunities and other employment opportunities available throughout the school year*
 - *Internships and job shadowing*
3. *Leadership development opportunities, including community service and peer-centered activities*
4. *Follow-up services*

Contractual Program Performance

Evaluation of current performance will include the program operator's ability to manage the program. Examples of evaluation criteria include:

- 1) *Achievement of quarterly planned enrollment goals.*
- 2) *Enrollment of target groups to planned levels in the contract.*
- 3) *Ability to serve "hard-to-serve" populations.*
- 4) *Submission of timely fiscal and MIS reports to SETA*
- 5) *Achievement of quarterly WIOA youth performance goals.*

FUNDING ALLOCATIONS

SETA has received notice of an estimated Program Year (PY) 2018-19 youth funding allocation of \$3,597,433. The total youth funding recommendation for PY 2018-2019 is \$2,507,032, and is contingent upon the receipt of final WIOA allocations. If final WIOA allocations are less than PY2017-18 allocations, then subgrantee contract amounts will be adjusted proportionately. The remaining funds are allocated to program administration, support, monitoring and fiscal management.

On May 2, 2018, the Youth Committee reviewed staff funding recommendations for the next fiscal year based on current year performance to date. This included a decrease of \$114,964 (25 slots) from the In-school provider, the City of Sacramento Parks and Recreation and a decrease of \$46,507 (12 slots) from the Out-of-school provider, the California Human Development, with increases to providers that are exceeding enrollment goals. Providers that exceeded enrollment goals by one slot were increased

ITEM III-A – ACTION (continued)
Page 4

by one slot and providers that exceeded enrollment goals by two or more slots were increased by two slots.

After a lengthy discussion, the Youth Committee approved the staff funding recommendations with the exception that staff present the following two funding options to increase California Human Development's (CHD) funded slots from 13 slots to 19 slots, an increase of \$23,256 (6 slots):

- **Option A** - fund CHD for 19 slots by eliminating funding for Youth Committee Initiatives and decreasing the amount allocated for estimated WEX wage increases.
- **Option B** - fund CHD for 19 slots by reducing the six providers who were originally recommended to receive two additional slots to one additional slot, and keeping funding for Youth Committee Initiatives with the remaining funds being allocated for estimated WEX wage increases.

The WIOA Youth Program Performance Criteria Summary and WIOA Title 1, Youth Funding Recommendation Charts for PY 2018-2019 are attached. Staff is recommending Option A.

RECOMMENDATION:

Review and approve the funding recommendations for the WIOA Title I, Youth Program, PY 2018-2019 of \$2,507,032.

Approve with the stipulation that all funding recommendations are contingent upon satisfactory year-end program performance reviews and the receipt of final WIOA funding allocations. If the WIOA Title I Youth funding allocation for PY 2018-2019 is less than the current PY2017-2018 allocation, then subgrantee contract amounts will be reduced proportionately.

CDP is "Census Designated Place" - a recognized community that was unincorporated at the time of the 2011-2015 5-Year American Community Survey (ACS).

Notes:

- 1) Data may not add due to rounding. All unemployment rates shown are calculated on unrounded data.
- 2) These data are not seasonally adjusted.
- 3) N/A = Estimate created by Bureau of Labor Statistics

Methodology:

Monthly city labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each city at the time of the 2009-2013 American Community Survey. Ratios for cities were developed from special tabulations based on ACS employment, unemployment, and population and Census population from the Bureau of Labor Statistics. For smaller cities and CDPs, ratios were calculated from published census data.

Monthly CDP's labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each CDP at the time of the 2011-2015 ACS survey. Ratios for CDPs' were developed from special tabulations based on ACS employment and unemployment from the Bureau of Labor Statistics.

This method assumes that the rates of change in employment and unemployment since the 2009-2013/2011-2015 American Community Survey are exactly the same in each city and CDP as at county level (i.e., that the shares are still accurate). If this assumption is not true for a specific city or CDP, then the estimates for that area may not represent the current economic conditions. Since this assumption is untested, caution should be employed when using these data.

CDP is "Census Designated Place" - a recognized community that was unincorporated at the time of the 2011-2015 5-Year American Community Survey (ACS).

Notes:

- 1) Data may not add due to rounding. All unemployment rates shown are calculated on unrounded data.
- 2) These data are not seasonally adjusted.
- 3) N/A = Estimate created by Bureau of Labor Statistics

Methodology:

Monthly city labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each city at the time of the 2009-2013 American Community Survey. Ratios for cities were developed from special tabulations based on ACS employment, unemployment, and population and Census population from the Bureau of Labor Statistics. For smaller cities and CDPs, ratios were calculated from published census data.

Monthly CDP's labor force data are derived by multiplying current estimates of county employment and unemployment by the relative employment and unemployment shares (ratios) of each CDP at the time of the 2011-2015 ACS survey. Ratios for CDPs' were developed from special tabulations based on ACS employment and unemployment from the Bureau of Labor Statistics.

Area Name	Labor Force	Employ- ment	Unemployment Number	Rate	Census Ratios	
					Emp	Unemp

This method assumes that the rates of change in employment and unemployment since the 2009-2013/2011-2015 American Community Survey are exactly the same in each city and CDP as at county level (i.e., that the shares are still accurate). If this assumption is not true for a specific city or CDP, then the estimates for that area may not represent the current economic conditions. Since this assumption is untested, caution should be employed when using these data.
